PRACTICE WITH PRECISION...PLAY WITH PRECISION!

888.987.4228 or FAX 763.413.0430

Your customers can bring power and accuracy to fielding drills with the **Pro Model Accubat**. This original Accubat is 26 ounces, 20" long by 10 ½" wide. The 70 square inches of hitting surface and 6 extra ounces of mass, make the Pro the preferred choice of coaches and their assistants. It doesn't matter if it's an educational class, intramural or individual practice. The Pro will give your customers and their players that extra edge in fielding pop-ups, line drives and grounders.

Some of our customers said they would prefer a lighter model Accubat so we designed the **Coaches Helper!** It is made of a different plastic, and weighs only 20 ounces, but is just as tough as the Pro. It is slightly smaller, so parents, grandparents and even players can use the Coaches Helper to help teach fielding skills. The Coaches Helper is the tool for your customers to provide quality practice drills for pop-ups, line drives and grounders.

★★★ See next page for the our Accu-bag.
It makes carrying your Accubats, balls, and other gear a lot easier!

ACCUBAT

Coach's Helper Assembly & Repair Instructions

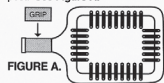

Your Coach's Helper comes fully assembled. However, if you need to make any repairs or adjustments to the netting, please refer to these instructions. Parts may be ordered direct from the manufacturer.

To assemble a Coach's Helper, you must have the following parts:

Grip Replacement:
Apply a dab of dishwashing soap to the inside of the grip. Slide grip over the rim of the frame and work onto the handle.

Step 1. Place one end of each torsion band through the frame and onto the post. See Figure A.

Step 2. Attach the four corners of the net to the frame. Both ends of the torsion band should pass through the frame and over the post. WORK DIAGONALLY TO SPREAD TENSION EVENLY. See Figure B.

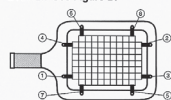

FIGURE B.

Step 3. Continue attaching torsion bands in the order shown. TO SPREAD TENSION EVENLY, FOLLOW THE NUMBERED SEQUENCE. See Figure C.

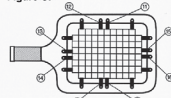

FIGURE C.

Step 4. Check to see that all bands are securely in place.

Your Coach's Helper is now ready! Please use it carefully.
