

AER-FLO®

Sports

America's leading manufacturer of high-quality sports field covers, windscreens, and padding.

WE GOT YOU COVERED

WINDSCREENS

Windscreen is commonly mounted on fences and is used to enclose tennis and pickleball courts, practice fields, batting cages, as well as, along baseball outfield fences. It is a great way to close off a field or work area from prying eyes and to separate fields or courts from commercial or residential areas. In addition, it helps provide security, eliminate distractions, and blocks unsightly views. Windscreens are an affordable way to promote your brand, display upcoming games and events, and create privacy.

Check our windscreen materials quick-comparison chart to see what is the best fabric for your next project.

| | PROS | CONS |
|--|---|--|
| <p>Polypropylene (Good Quality)</p> | <ul style="list-style-type: none"> • Good abrasion resistance • Good UV-light resistance — fading is minimal over time • Good strength to weight ratio • Multiple opacity/weight options to choose from | <ul style="list-style-type: none"> • Limited color selection • Cannot print on them reliably • May unravel if damaged or cut • May have a sheen or glare in sun |
| <p>Standard Vinyl-Coated Polyester- VCP (Better Quality)</p> | <ul style="list-style-type: none"> • 6 color options • Suitable for printing • Lower glare than most polyester materials • Industry standard opacity and fabric weight | <ul style="list-style-type: none"> • Poor abrasion resistance (unless using heavier extrusion-coated fabrics) • Variable UV-light resistance (degree of fading over time is color-dependent) |
| <p>Tuffly® (Best Quality)</p> | <ul style="list-style-type: none"> • 23 color options • Highly recommended for printing • 50% more micro-fibers than VCP • Excellent strength to weight ratio • 5-year limited prorated warranty | <ul style="list-style-type: none"> • Heavier material so this product may not be suitable for certain fences • Wind passage is limited due to tight mesh closure |

TUFFY® WORLD-CLASS WINDSCREENS

Our proprietary **Tuffy® windscreens** are an ideal choice for any place you need a visual barrier. Virtually tear-proof, this windscreen is the only one on the market finished with double-needle lock stitching to eliminate the unraveling thread found on traditional windscreens.

- Made of our exclusive VIPOL® Matrix
- 50% more micro-fibers than standard windscreens
- Virtually tear-proof and is backed by a 5-yr limited factory warranty
- Heavy duty edging construction virtually eliminates the problems of grommets pulling through standard screens
- Superior sun/UV resistance
- Custom imprint to make your screen 'pop' with your branding.

Customize by making borders and body colors match your two team colors. Choose from 23 Tuffy colors. Support your school's brand on all sports fields and courts.

OTHER WINDSCREENS

ASK ABOUT OUR CHROMA-BOND® IMPRINTING

AER-FLO® VINYL WINDSCREEN

Made of high quality 18 oz. UV and mildew treated vinyl.

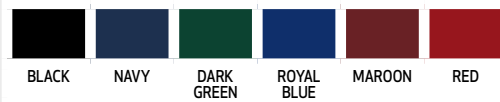

- Grommets installed every 12"
- Custom sizes are available
- Available in 17 outdoor colors or 16 fire rated indoor colors

AER-FLO® STANDARD VCP WINDSCREEN

If budgetary or program limitations call for a value priced windscreen, our Polyester (VCP) is the upper crust of all standards.

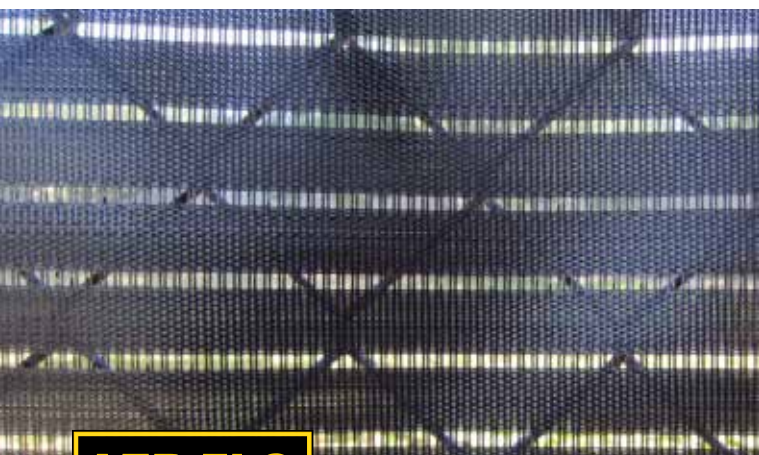

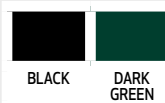

- Made with quality 8 oz. vinyl coated polyester mesh
- Reinforced edges, double lock-stitch sewn on ends and corners
- Grommeted every 12"
- 70-78% shade

POLYPROPYLENE MESH WINDSCREEN — CLOSED MESH

Allowing only 90% opacity, this screen has both high wind blockage and high visual blockage properties.

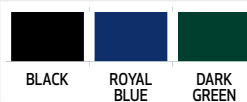

- Heavyweight polypropylene fabric is treated for UV, mildew, and insect resistance
- Grommets are installed all around every 18" through four ply double stitched hemmed edging
- Available in 6' and 9' sizes only, cut to your length.
- Imprinting is not available on this fabric due to its surface characteristics

LENO WINDSCREEN — OPEN MESH

Made of leno polypropylene mesh with reinforcing threads to resist tearing and spreading.

- Open mesh allows 85% opacity, so it is popular in higher wind areas
- UV and mildew inhibitors built into fabric to extend useful life
- Edges finished with four ply hems and grommets are installed every 18"
- Boxed windows are available for additional cost.
- Imprinting is not available on this fabric due to its surface characteristics

OTHER WINDSCREENS

WE GOT YOU COVERED

DUO-SCREEN® WINDSCREEN

If the goal is to improve player vision on your fields or courts, then this duo-screen windscreen is an ideal solution.

- Vinyl pairs with the Tuffly® windscreen to create a product that features a solid vinyl midsection
- Fully customizable to provide the most polished and professional look to dress up your venue

COMPETITION® MESH & VINYL WINDSCREEN

This windscreen is the ultimate way to get across the branding and messaging of your choice. Use them to show team spirit and promote your athletes and team, or bring attention to sponsors and communicate promotions. Value-priced, this durable screen is produced to your specifications, and is the ideal way to add a professional look to any sports venue!

- Double stitched hem with grommets every 12"
- Grommet strips on panels 10'+ height
- 9oz PVC Dip Coated Polyester Mesh
- 13oz PVC Laminated Polyester
- Back of Mesh/Vinyl solid white

BALLASTED WINDSCREEN

Protect the assets at your sports venue! Our proven and patented Tuffly® Ballasted Windscreens protect your fence like no other product.

- The engineering of this product ensures that there is reduced stress on your fence, no matter what the wind strength
- Customize the look of the screen with a wide variety of colors to ensure a consistent and uniform view at your venue

BASEBALL/SOFTBALL

From community fields to Little League, from collegiate play to the Major League — our full line of products and solutions keep baseball and softball field protected all season long. Whatever you need to shield – infield turf, pitcher mound, home plate, fencing, and more – our full protection field covers and tarps offer the best protection.

Ensure your team always plays on the best field conditions, with a venue setting spectators will appreciate. And choose from our endless custom imprinting options to brand your venue the way you want!

BASEBALL/SOFTBALL SPORT PADS

WE GOT YOU COVERED

RAIL PADDING VINYL COVERING

U-Shaped and Standard Rail Padding

Our durable, flexible, and protective rail padding was designed for all types of playing fields, including baseball and softball facilities.

- Ideal for dugout rails and myriad other uses
- Customizable padding can be designed to blend in with your facility's team spirit – and is a big hit with players and fans alike!
- U-shaped and Standard

AER-CUSHION® OUTDOOR PADDING

This is one of the most flexible padding products we offer as it provides optional protection for indoor and outdoor use, on any type of surface.

- Use on surfaces such as flat walls, columns, doorways, and overhead obstructions ... the possibilities are endless.

BASEBALL/SOFTBALL SPORT PADS

WE GOT YOU COVERED

BATTING CAGE SKIRTS AND THUD PADS

Great selection of batting cage accessories for baseball and softball teams.

- Batting cage replacement skirts and thud pads
- Easy to install, move, and store
- Plus, customize the items to provide extra team spirit!

COLOR AVAILABILITY FOR VIPOL® MATRIX

COLOR AVAILABILITY FOR VINYL (18OZ.)

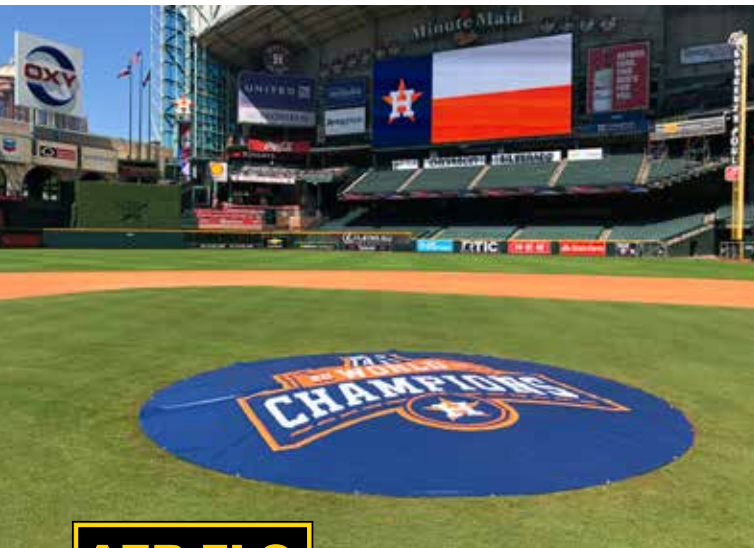

CAGE SAVER, PADDING AND NET PROTECTORS

Take the safety of your batting cage to the next level.

- Incredibly helpful and protective tool for pitchers as they work on taking their game to the next level.
- Easy to put up and quick to take down, these cages savers allow batting practice to happen wherever you find a fence.

BASEBALL/SOFTBALL COVERS & TARPS

WE GOT YOU COVERED

BP ZONE® INFIELD TURF PROTECTOR & CAGE COLLAR

Be sure to guard your infield and keep your turf and grass in top condition!

- Protect your high-traffic areas from wear and tear.
- Fully customized with the colors and branding of your choice.

WIND-WEIGHTED® TARPS

These wind-weighted tarps are the famous ones used by every level of baseball.

- They stay in place and keep a field fully protected and dry.
- There is never a need to use stakes, sandbags, or similar objects, as the weight of the tarp keeps it firmly on the ground, no matter the weather.

NON-WEIGHTED TARPS

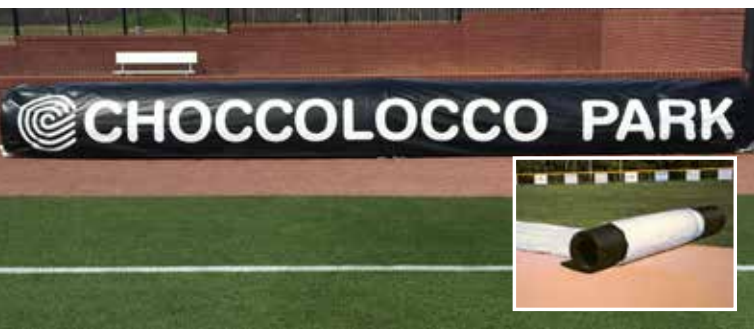

These tarps are the most widely used in the baseball industry.

- Super rugged and versatile, these unique covers are the key to ensuring that damp weather doesn't mean a postponed or canceled game.
- Customize the look of the tarp with your colors, branding, and messaging, and not only will your field be protected from rain, snow and other precipitation – it will look great as well.

BASEBALL/SOFTBALL COVERS & TARPS

WE GOT YOU COVERED

PRO-TECTOR® FIELD COVERS

Constructed like no other and highly durable to ensure your fields remain unscathed through harsh weather conditions.

- These covers come in a variety of sizes to protect whatever part of your field you choose.
- Easy to put on your field and easy to take off
- Our products protect both grass and artificial turf and assure teams can play on game-ready fields no matter what conditions Mother Nature throws your way.
- Available in 6.0, 6.8, and 7.5 ounce fabric

STORAGE ROLLERS & COVERS

Our roller covers are the ideal solution to keep field covers and field cover storage rollers dry and to protect these items when not in use.

- Constructed using high-quality, extremely durable 18oz. vinyl.
- Select from 17 colors,
- Customize the look by including your team name, mascot, and any other information or design you choose using our innovative Chroma-Bond® Imprinting or Chroma-Bond® Digital imprinting.

SOL-AER® WINTER TURF BLANKET

Welcome to the next generation of winter turf protection! Turf protection is a must to protect fields from harsh winter and cold weather conditions.

- Revolutionary non-woven co-polymer fabric that is unlike others on the market and delivers improved insulation for grass root systems.
- The secret is a proven heat-absorbing silver lace coating that will keep your turfgrass safe through the winter months so it comes out healthy in the spring.

BUNT ZONE® PROTECTOR TRAINER

This patented trainer has been used for years by Minor and Major League Teams to help batters practice the correct placement of bunts.

- Super-durable and constructed to last through many seasons
- The trainer is color-coded so that athletes and coaching staff work together to develop bunting techniques and strategies.
- Also protects turf where bunting practice takes place.

PRO-DECK™ ON-DECK CIRCLES

Need a way to promote your team or venue sponsors and supporters? The Pro-Deck™ On-Deck Circles are the way to bring attention to your chosen message while providing an excellent tool to help players warm up!

- Durable and easy-to-clean circles are easy to install and move, and with targeted messaging are an excellent way to add sponsorship revenue.
- These circles also "dress up" a baseball facility and bring a truly professional look.

FOOTBALL/TRACK

HELPING
PROTECT
YOUR FIELD
AND YOUR
PLAYERS

Facilitating a safe playing environment is a top priority for football and track facilities, and we have success doing just this for a vast number of universities, school districts, and municipal venues, and even NFL teams.

Make your venue exciting for athletes and spectators alike by customizing products with school or team names, logos, and other details! Our advanced printing capabilities ensure you can get the colors and designs that best match your facility. And, all our football and track products are durable and made from the highest quality materials to last for years to come.

FOOTBALL/TRACK SPORT PADS

WE GOT YOU COVERED

TD ZONE™ GOAL POST PADS

These super-easy-to-install Goal Post Pads provide instant team spirit in the end zone – plus offer critical protection to players on the field.

- Standard 6' high size
- Easy to install and remove with hook and loop closures.
- Fully customizable: add Chroma-Bond® or Chroma-Bond® Digital Imprinting for infinite ways to brand your field!

AER-CUSHION® OUTDOOR PADDING

Stadium Padding

This is one of the most flexible padding products we offer as it provides optional protection for indoor and outdoor use, on any type of surface.

- Use on surfaces such as flat walls, columns, doorways, and overhead obstructions ... the possibilities are endless.

BLOCKING DUMMIES AND SLED PADS

These are essential training components for every team, and we have an extensive line of customizable products that will enable your team to safely train and take the team's game to the next level.

A-FLEX™ SOFT A-FRAMES SIGNS

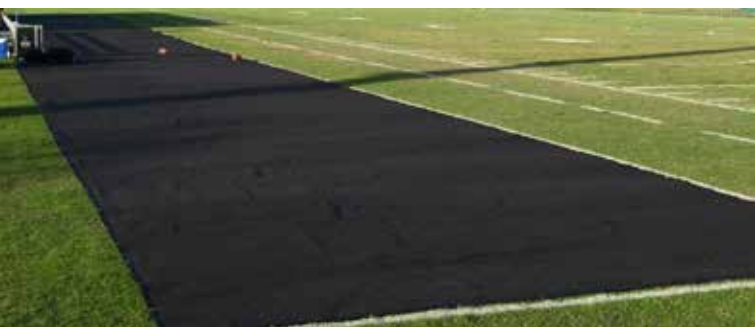

Your sponsors, advertisers and your team deserve to have their message seen clearly and professionally. Our A-Frame signs look sharp and grab attention.

- Durable foam-backed construction makes our signs safer than others.
- Easy to set up, designed to fold fully flat making it easy transport and store.
- 4' and 8' lengths are the standard sizes, but we also offer custom sizing

FOOTBALL/TRACK COVERS & TARP

WE GOT YOU COVERED

BENCH ZONE® SIDELINE TURF PROTECTOR

Our durable design ensures cleats do not penetrate the material, but all types of moisture to drain through and are not absorbed.

- Designed to curtail both wear and tear and the need to repair and replace the turf on the sidelines to reduce overall maintenance costs.
- Available in wide variety of colors.

BENCH ZONE® SIDELINE TRACK PROTECTOR

Standard (black body only w/white and gold trim) and 3G (colors below)

These track protectors resist and cushion against cleats, shoes, and wheeled equipment, and are the solution for facilities that must ensure high-traffic sections of a track do not become worn out.

- Designed to ensure heavy objects do not penetrate the fabric, while water and liquids drain through the durable material.
- Easy to transport, set up, and move, plus is easy to clean.
- The 'original' is only available in limited color options.

BENCH ZONE® TURF MAT

Protection of turf is the name of the game with our rugged and durable Turf Mat. We developed this product so that cleats cannot penetrate through the material and damage the surface underneath.

- Our design allows rain, sports drinks, sweat, and other types of moisture to drain through.
- A breeze to transport and set up, and super easy to clean, this turf mat is an essential part of your sideline formation.

Huddle Zone® SPECIAL TEAMS MAT

Ensure there is a specific location for offense, defense, and special teams to organize and call plays on the sideline before entering the game.

- Highly durable and designed to withstand the use of cleats and pounding.
- Easy to install and move (just lay it on the sideline at the location you choose!)
- Mat also folds for easy travel to away games.
- Customize the mat with the colors and branding of your choice to give it a professional look!

FOOTBALL/TRACK COVERS & TARPES

WE GOT YOU COVERED

CROSS-OVER ZONE® TRACK PROTECTOR

For large and active athletic fields and facilities, our Track Protector is the ideal way to ensure athletes crossing onto the field don't wear out the track.

- Durable and portable.
- Black geotextile fabric.
- Vinyl edging in gold or white; 15 colors
- Standard and custom sizes available

3G CROSS-OVER ZONE® TRACK PROTECTOR

For large and active athletic fields and facilities, our Track Protector is the ideal way to ensure athletes crossing onto the field don't wear out the track.

- Monofilament bottom side: Non-absorbant, will not adhere to track
- Durable and portable
- VIPOL® Matrix top.
- Add a professional look by fully customizing your protector with your choice of color and branding, via our innovative printing technology
- Standard and custom sizes available.

LANDING ZONE® BALLASTED PIT COVER VIPOL® MATRIX OR VINYL

Keep the sandpit protected and ensure your track and field looks and stays in top shape.

- Ensure the sand remains protected from weather, wind, and animals
- Highly durable and weather-resistant pit cover.
- Customize the look of the cover with imprinting options that let you brand it however works best at your facility

BLEACHER COVERS VIPOL® MATRIX OR VINYL

Bleachers and seating (indoor or outdoor) in your stadium should not be forgotten ... they should be protected and covered when not in use!

- Durable, attractive covers made of VIPOL® Matrix or solid vinyl fabric go above and beyond the call of duty and cover full seating sections, as well as the sides, undersides, and back of bleachers.
- Our products not only look great but have the safety factor in mind.
- Brand the covers with the logos and colors of your choice for a truly professional look!

BASKETBALL/INDOOR GYM

PROTECT
YOUR FIELD
FROM EXTREME
WEATHER
CONDITIONS

Whether an indoor or outdoor basketball court, providing a safe playing environment is a top priority. We are very familiar with successfully addressing the challenges that come with providing protective padding in professional, collegiate, district, and municipal venues.

Since no two facilities are exactly alike, we provide custom options. We can pad any thickness of foam and can produce almost any color of vinyl offered on the market. Our fabric is UV-protected, water and mildew resistant, and is guaranteed to last. And our digital graphic printing enables you to display team branding and sponsorship graphics where ever you choose. Whatever challenge and goals you have, we deliver the right solution.

BASKETBALL/INDOOR GYM SPORT PADS

WE GOT YOU COVERED

AER-CUSHION® INDOOR PADDING

Wall Pads, Stage Pads, Column/Corner Pads and I-Beam Pads

Our safe, durable, and visually appealing pads offer ideal protection for basketball courts, wrestling rooms, gymnastics centers, and even play areas. These customizable pads are a safety "must" as they absorb shock and protect athletes when they come out of the play area/workout zone.

- Provides safety and protection
- Fire-retardant vinyl
- Filled with thick cross-link polyethylene foam
- Made custom to your specs

| MEDIUM GREEN | GREY | COLUMBIA BLUE | NAVY | ROYAL BLUE | PURPLE | MAROON | RED |

BLEACHER COVERS VIPOL® MATRIX OR VINYL

Bleachers and seating (indoor or outdoor) in your stadium should not be forgotten ... they should be protected and covered when not in use!

- Durable, attractive covers made of VIPOL® Matrix or solid vinyl fabric go above and beyond the call of duty and cover full seating sections, as well as the sides, undersides, and back of bleachers.
- Our products not only look great but have the safety factor in mind.
- Brand the covers with the logos and colors of your choice for a truly professional look!

PRO-FLOOR™ COURT PROTECTOR

This Pro-Floor™ Court Protector is the ideal way to protect the floor of basketball, volleyball courts or similar surfaces.

- A durable non-slip base ensures the court protector stays in firm and securely in place, and lays flat to prevent tripping hazards and provide a safe walking surface.
- Chroma-Bond® Digital Imprinting on the underside of the PVC woodgrain top layer allows you to customize the look and message and protects your customized graphic.

ACCESSORIES

INSTALLER™ DEVICE FOR WIND WEIGHTED TARPS

- Uniquely designed PVC pipe combined with an internal aluminum pipe reinforcement and end-pivoting aircraft cable handles that can roll a Wind Weighted Tarp on and off a mound or plate.
- 2 people to easily install or remove a tarp in less than 30 seconds.
- Saves time and your back
- Available in standard sizes to match tarp diameters

PLASTICAP™ FENCE TOPPERS

Protect your players and enhance your ballpark with PlastiCap™ Fence Topper.

- Made of yellow-gold, green, red or black corrugated plastic tubing
- Give your field a superior, professional appearance while increasing visibility of the fence line and protecting players from injury.

HOME RUN ZONE® WINDSCREEN TOPPER

- 4" yellow, or 16 other colors
- Vinyl top edging to any of our windscreen panels to clearly show fence top to players and umpires.
- Use for appearance only. Does not cover or protect top of fence.

FENCE GUARDS

Protect your players and enhance your ballpark with Fence Guards. Made of plastic tubing to give your field a superior, professional appearance while increasing visibility of the fence line and protecting players from injury.

OUTFIELD DISTANCE MARKERS

These informative distance markers are most commonly found on an outfield fence at a baseball or softball venue. However, these markers truly dress up any outdoor football field, track, or other sporting location. Fully customizable with numbers, notations, size, and colors of your choice, these markers are durable, portable, and are appreciated by athletes and spectators alike.

Numbers and logos imprinted with Chroma-Bond® or Chroma-Bond® Digital Imprinting on Vipol™ Matrix material or 18 oz. vinyl.

FENCE CAP ZIPPER

The Fence Cap Zipper is our nifty little tool that makes fence cap and fence cover installation easy. Just attach the zinc-plated steel, press the end cap down, and pull the cord to close the fence cap at the bottom. A small team of three people can do the whole fence in minutes.

TIE WRAPS AND NYLON ROPE

NYLON ROPE Braided black nylon 3/16" x 500' spool

BOXED HEMMED WINDOWS

Border is reinforced with two layers of vinyl fabric.

COURT NUMBERS

Chroma-Bond® or Chroma-Bond® Digital Imprinting on our Tuffy® Windscreen or 180z. vinyl to match windscreens colors.

CUSTOM IMPRINT

GET
YOUR
BRAND
NOTICED

Whether you want team branding, logos, trademarks, or sponsorship advertising on your padding, our in-house printing processes can make it pop. With attractive graphics, wall padding can serve as much more than a protective barrier between players and injury. Graphic artwork becomes a focal point that showcases your facility and can provide a revenue stream that offsets the cost of the printed pads or mat.

CHROMA-BOND® IMPRINTING

This is the industry-leading gold standard of imprinting. Our reputation is second to none as we are known for producing thousands upon thousands of sharp, crisp, and lasting multi-color images on our wide range of products. These products are then delivered to teams and venues that house all levels of athletes, from recreational to the professionals.

- Thick, individually-applied, double coating process that literally bonds an image into the vinyl.
- Skilled craftspeople use the latest graphics technology to produce custom imprints that are highly resistant to scuffing, sunlight, and weathering – plus are highly spike, cleat, and racquet resistant.

CHROMA-BOND® DIGITAL IMPRINTING

Our digital imprinting is best described as our ChromaBond® technology taken to the next level – where our technicians do the seemingly impossible. When a particular project is larger than life, meaning it will not fit onto our standard-sided equipment, we turn to the next generation of printing.

- Digital imprinting utilizes our latest, state-of-the-art wide-format equipment and the result is unlike any other you have seen. The final digitally-printed product, which often is a large-scale windscreen, displays intricate, lifelike images that are simply not possible to produce with other imprinting processes.
- This enables the design, development, and production to convey an accurate and creative presentation of a team's brand or a venue's message.
