CSR MANIFESTO

BUILDING A BETTER FUTURE TOGETHER

At arena we recognize that everything we do has an impact on the planet we live on, as well as its people.

We strive to help create a future that continues to allow everyone to enjoy swimming and water sports in a healthy environment.

That's why we're committed to having a positive impact on you, the environment and our communities, inspired by our passion for sports and life in and by the water, our most abundant natural element.

As a leader in the sports realm our commitment to 'responsibility' represents the conscious and effortful way in which we plan to measure our footprint and invest in our planet.

arena's products are designed to help and inspire people to be active and to move towards the best version of themselves by being healthier and connected to nature.

As part of that philosophy, quality and durability are key considerations in our design process in order to guarantee that our products are long-lasting and don't need to be replaced frequently, thus reducing waste.

We choose partners who share our values and, like us, invest in both the planet and its people.

We care about the well-being and rights of employees working in the manufacture of arena's products and are committed to being transparent about our partners and policies.

We support local communities and promote water-sports through sponsorship and collaboration with national sports federations, sports teams, and international governing bodies.

We are an equal-opportunity employer and value diversity ensuring equal treatment for all our employees across the globe.

The arena brand was born in water, and for over 50 years has thrived in its element.

We've learned that to do so requires courage, responsibility, and action, and we remain resolute in our desire to give everyone the opportunity of living their deep connection with water: that feeling of freedom and peace, joy and profundity we all experience in and by the water.

RESPONSIBLE PRODUCT

To design and manufacture all products in a progressively more environmentally conscious way is a key step in the commitment we have taken.

We are constantly working to develop more sustainable garments and accessories to reduce our environmental impact, while still guaranteeing the same distinctive performance, protection, style, comfort and fit that sets arena apart.

According to recognized international certifications, these sustainable fabric sources include PET plastic bottles and

industrial waste such as yarn and chip waste.

By working with recycled PET, nylon, silicone and polycarbonate, we are reducing the use of plastic and petroleum-based resources without sacrificing the benefits and characteristics of the fabrics.

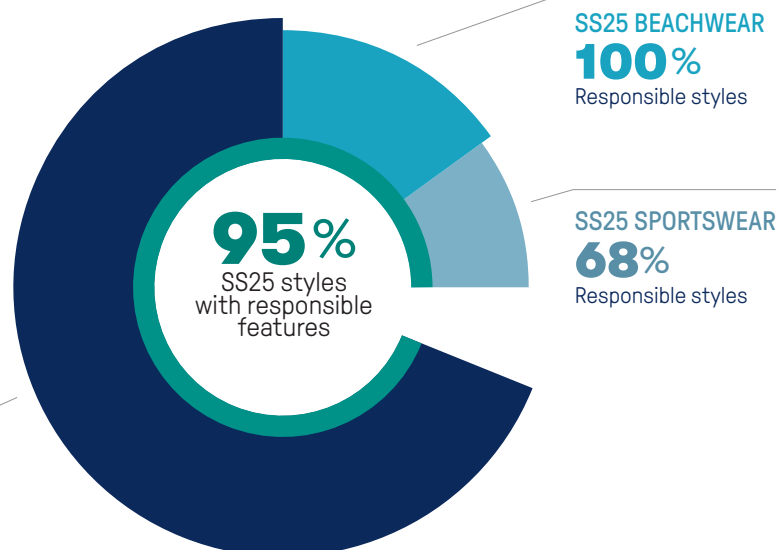

Starting with SS22 we have steadily increased the number of styles with responsible features, such as recycled yarn, organic fibers, and OEKO-TEX® MADE IN GREEN certification.

IN THE TOTAL **SS25 COLLECTION OF SWIMWEAR AND SPORTSWEAR**, WE ARE PROUD TO SHOW THAT 95% ARE STYLES WITH RESPONSIBLE FEATURES.

FOR EACH TEXTILE CATEGORY, THE SITUATION IS AS FOLLOWS:

RESPONSIBLE PACKAGING

The mark of
responsible forestry

All the elements necessary in the delivery of products to the consumer have an impact on the environment. To reduce this impact, we are now using sustainable materials for our packaging (hangtags, pouches, polybags, boxes, etc.).

FSC® certified cardboard is our choice for most packaging made of paper, and for the vast majority of plastic packaging, we use recycled plastic.

The FSC logo on our packaging

ensures that it has been made in compliance with rigorous environmental, social and economic standards, which aim to protect the world's forests and ecosystems that depend on them and respect local communities and the rights of workers.

This choice supports the mission of the Forest Stewardship Council®, an international NGO that has been promoting responsible forest management for over 25 years.

HERO AND MARKETED STYLES

	HERO STYLES	MARKETED STYLES
	BRAND DRIVERS are the arena must-have of the season; featured in major campaigns, both online and offline. No junior styles included.	BUSINESS DRIVERS are the arena styles or seasonal colourways with a strong commercial potential. Some selected junior styles included.

SUPPORTING NATIONAL FEDERATIONS AND TOP ATHLETES

“Since 1973, arena has prioritized strong connections with the most important swimming and watersports federations around the world, from grass roots to Olympic and Paralympic support.

National Federations play a critical and active role in the development of both amateur and elite watersports. We share their goal to grow watersports, increasing inclusivity and diversity and using sport as a driver for social wellbeing. We share their commitment to make the water accessible for people to relax, train and compete.

At the heart of the arena brand are its athletes, who are both key collaborators in the product development cycle and important ambassadors for the brand, upholding its values and expressing its authenticity.

Since Mark Spitz first teamed up with Horst Dassler in 1973, arena's progression to the top of its field has always occurred in partnership with world class swimmers, whose voices are not only emblematic of the brand's emphasis on quality, they're also an inspiration for many, from the amateur who goes to the pool to stay fit and lead a healthy lifestyle, to those that mount the Olympic podium, and not least the backroom staff who have helped craft and live the entity that arena has proudly become.

With its legendary sponsored team, arena is seriously chasing Olympic Gold in Paris continuing to rely on the brand's emblematic Ambassadors such as Sarah Sjöström, Gregorio Paltrinieri, Florent Manaudou, Chad Le Clos, Cate Campbell, Florian Wellbrock, Kristof

Milak and Bruno Fratus. Through the collaborations with Lydia Jacobi, David Popovici (both born in 2004), Kyle Chalmers, Louise Hansson, Thomas Ceccon, Nicolò Martinenghi and Noè Ponti, arena will be under the spotlight in Paris, while also generating renewed interest in the main events that precede it. This mix of experience and freshness allows the brand to consolidate its innovation, its authenticity and its passion through the young athletes who are helping arena to continue advancing day after day. Thanks to its magnificent athletes, over the next few years arena will be challenging for podium finishes at swimming's most important international events.

DISCOVER OUR ELITE TEAM

<https://about.aresport.com/en/athletes/>

A high-angle, close-up shot of a swimmer's arm and hand breaking the surface of bright blue water, creating a large splash. A red lane line is visible on the right side of the frame.

DESIGNED WITH THE ELITE ATHLETES IN MIND

Powerskin is the benchmark for high performance gear, designed for all levels of competitions, achieved through years of research and testing. Top athletes, sports scientists, swim coaches and industry experts are deeply involved in the development of its cutting-edge technologies, leading to podium performances around the world.

Powerskin stands for innovative materials and construction methods that reduce drag and enhance swimmers speed and efficiency, while delivering comfort and durability.

Every piece is the product of technological R&D that draws on an extensive international network of excellence and close collaboration with the world's leading athletes who provide invaluable insight throughout the development cycle.

FINA (INTERNATIONAL SWIMMING FEDERATION) HAS BECOME WORLD AQUATICS.

Fina approved products will carry either the "Fina approved" or the new "World Aquatics approved" Homologation label.

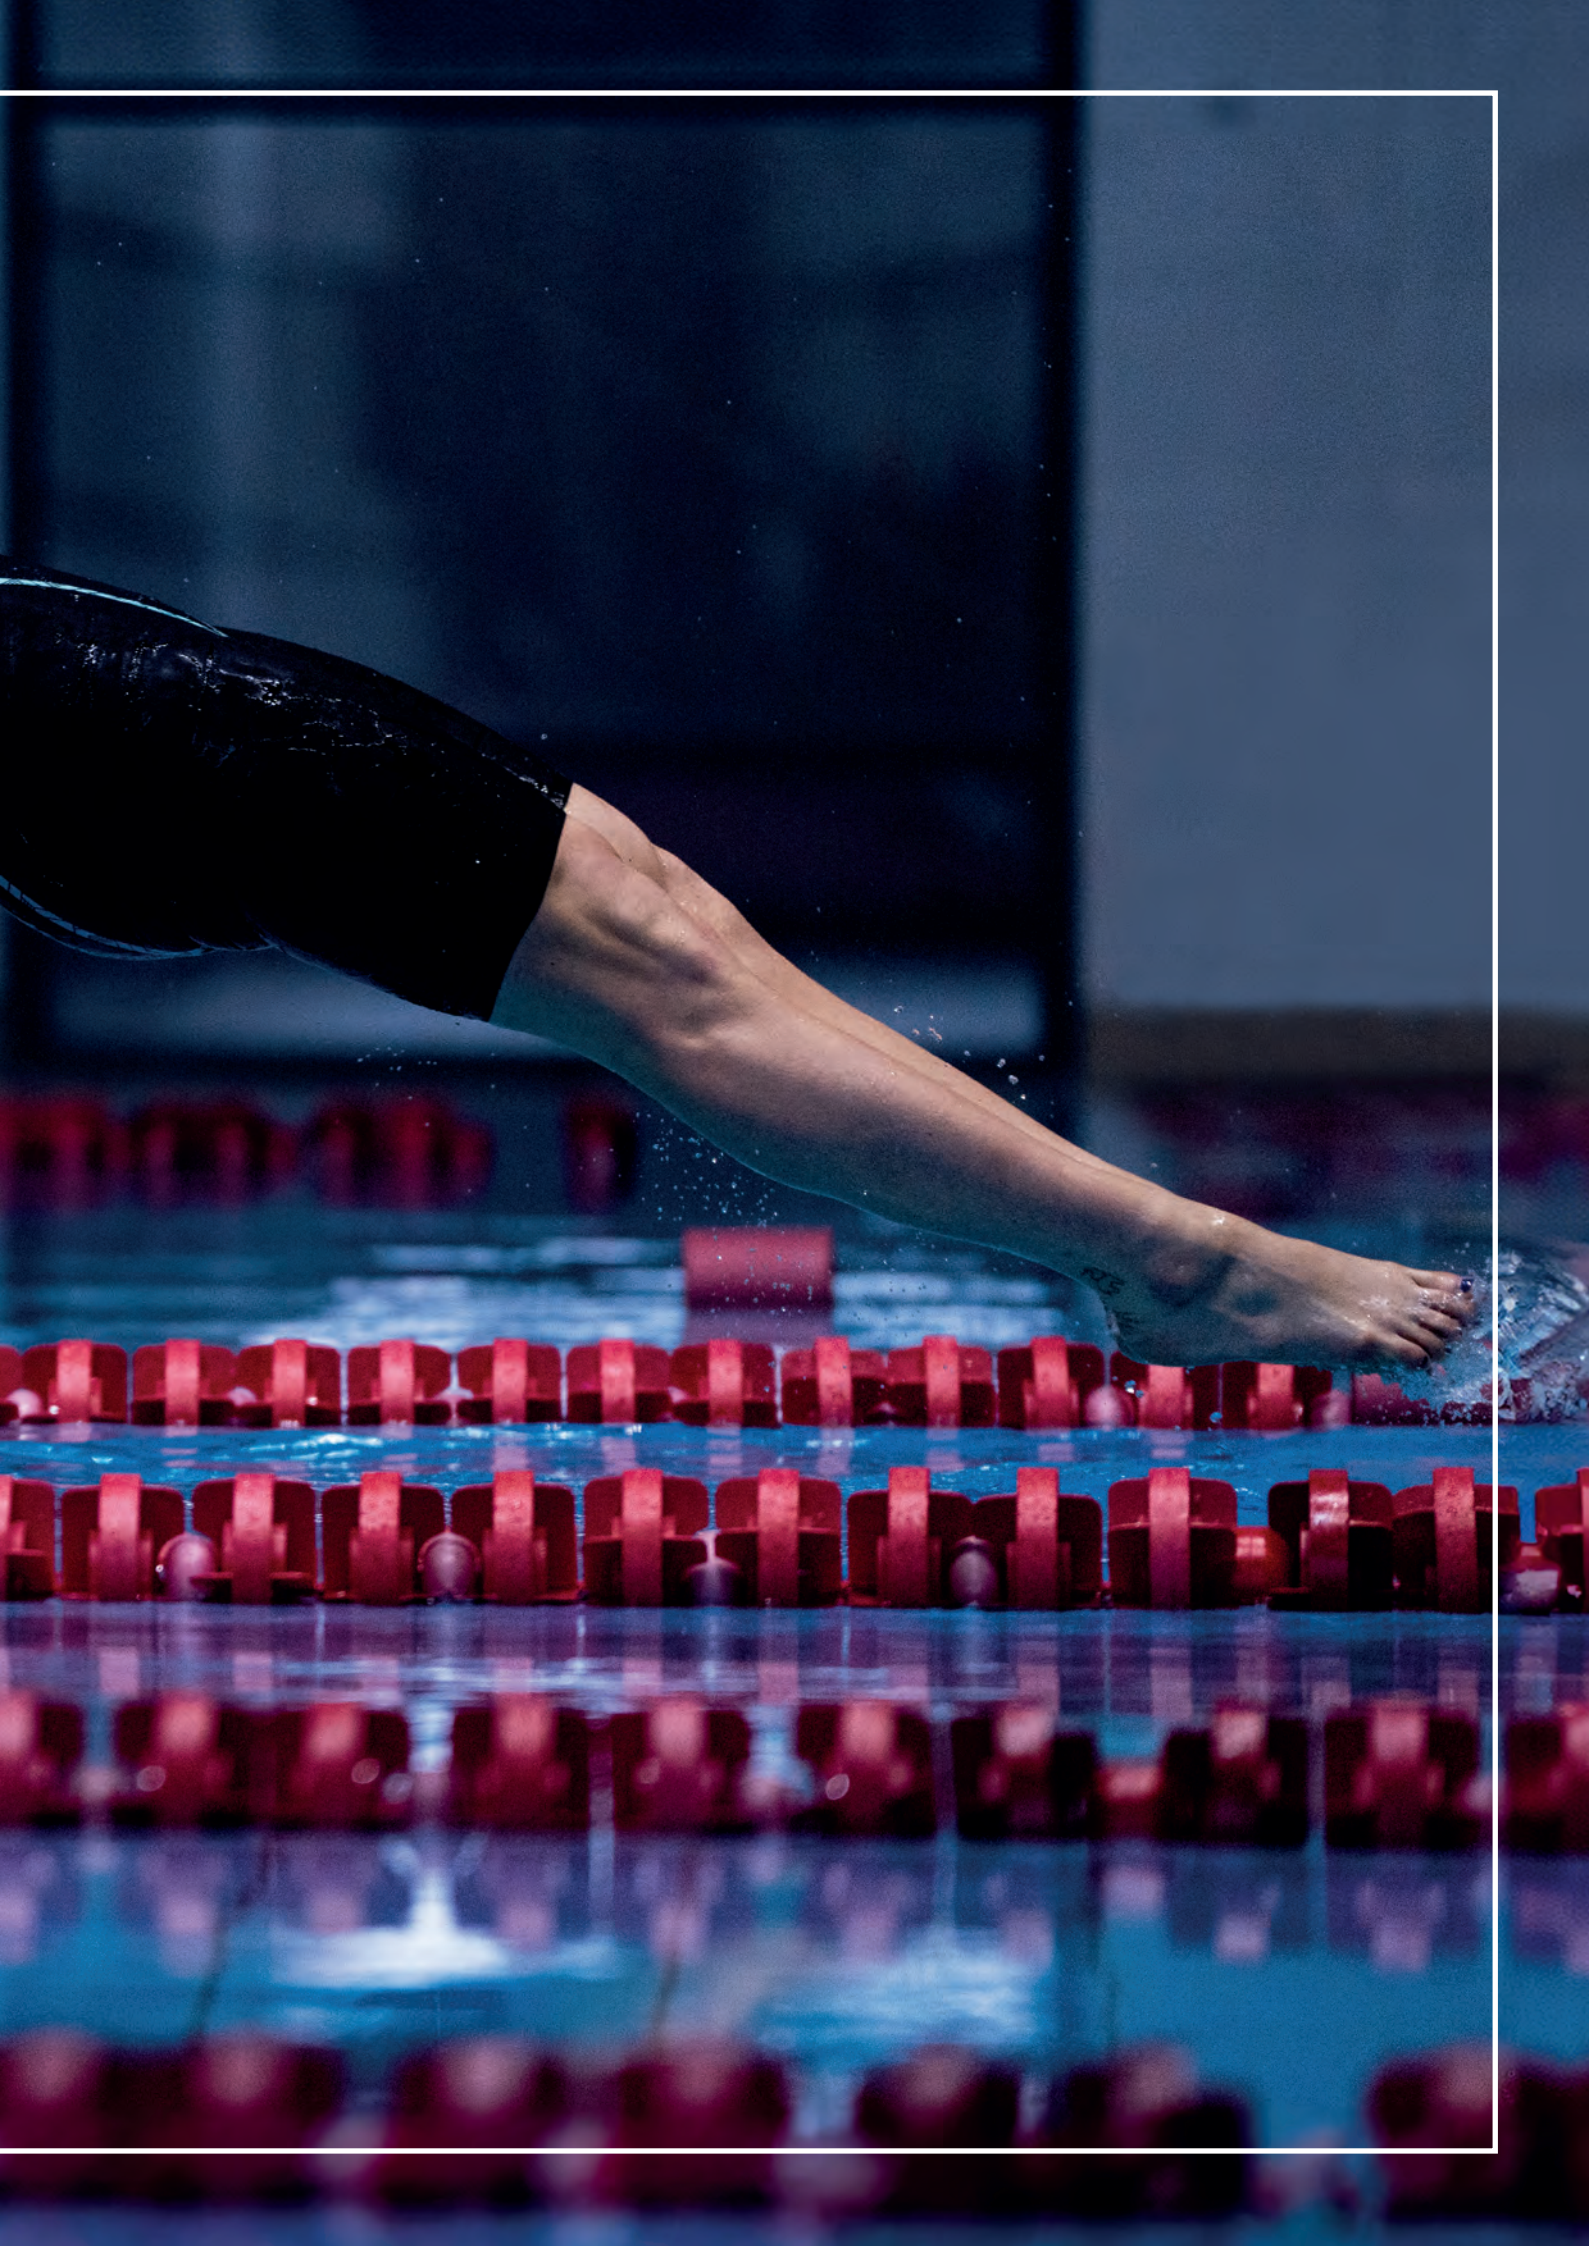

APPROVED

BOTH HOMOLOGATIONS WILL BE VALID AND EQUIVALENT.

RACING

POWERSKIN PRIMO

THE FIRST RACE SUIT WITH HYPERFORCE™ FABRIC.

Engineered with

>)HYPERFORCE(<
THE TENSOELASTIC FABRIC

The genesis of a new era: 4 years of development, 18 months of tests, 89 different prototypes and almost 400 athletes involved around the world. arena redefines the world of swimming and introduces the pinnacle in technical race suit technology: POWERSKIN Primo, built from the ground-up utilizing the latest scientific breakthroughs in the textile industry and physics for unparalleled performance and durability. Designed to eliminate all compromise in your technical race suit selection, it is not just a compressive suit. **It's the first of its kind.**

POWERSKIN PRIMO

FIRST IS BETTER THAN FAST.

Engineered with

>)HYPERFORCE(<
 THE TENSOELASTIC FABRIC
**COMPRESSION AND****FLEXIBILITY**

No more compromise. Our most powerful compression combined with extraordinary elasticity thanks to Hyperforce™ - the first ever Tensioelastic fabric.

**QUICKER RACE-DAY ROUTINE**

Fast in **AND** out of the water. Finally a high-compression suit that goes on in under 5 minutes to streamline your race-day routine.

**FLOATING****LEGS**

A completely new internal taping construction provides powerful support that lifts the legs and hips for optimal body positioning.

**PERMANENT WATER RESISTANCE**

Permanently hydrophobic TPU fiber provides for maximum water repellency over the life of the suit.

**EXPANDED SIZE RANGE**

Available in Long Torso sizes for a near-custom fit and supreme comfort without sacrificing compression.

**NEW SHOULDER STRAP DESIGN**

Redesigned shoulder strap construction provides more stability and fewer pressure points for optimal comfort and range of motion.

**CORE SUPPORT**

Internal X-Tape construction provides excellent core stability and connects the hips to the upper body to limit excessive torso rotation.

**SUPERIOR WATER FLOW**

Hyperforce's unique flow-channeling fabric surface improves hydrodynamics and lowers surface drag for maximum speed and streamline performance on and under water.

**CUSTOM WAIST HEIGHT**

The Hyperforce fabric's extraordinary elasticity allows for custom waist height adjustment from low to high.

**ENHANCED COVERAGE**

Longer cut from waist to knee provides greater suit coverage for maximum compression where you need it most.

POWERSKIN CARBON GLIDE

FEEL THE GLIDE.

Engineered with
CARBON FIBER

FLEXIBILITY COMPRESSION

TARGETED COMPRESSION

Utilizing the highest content of carbon fiber, the Carbon Glide utilizes a carbon grid that surrounds specific muscle groups for strong, targeted, compression and reduced form drag, underwater glide.

ULTRA-LIGHT

Featuring a multi-fabric construction combining both Hydroglide and carbon fiber materials, the Carbon Glide offers the perfect combination of lightness and compression for uncompromising performance and fit.

ZERO-DRAG

Superlight and ultra-low-profile, our exclusive new Hydroglide fabric dramatically reduces surface drag for sensational underwater glide.

MUSCLE ACTIVATION

Carbon Fiber infused lining, placed strategically to activate major muscle groups, provides an added feeling of support, body-hold, and streamlined speed.

POWERSKIN CARBON AIR²

FEEL THE LIGHTNESS.

Engineered with
CARBON FIBER

FLEXIBILITY COMPRESSION

COMFORTABLE COMPRESSION

Horizontal carbon bands lock down at a critical stretch point to provide compression, core stability and power when and where it's needed.

A lighter Intelligent Compression with the comfort of a second skin.

REDESIGNED FOR GREATER FREEDOM

The internal lining consists of 3 separate panels to give greater freedom of movement. This results in less compression across the chest (woman's suits) and it reduces pressure on the hips and improves flexibility.

SECOND SKIN EFFECT

Thanks to the absence of multiple seams, the Carbon-Air² offers supreme comfort and absorbs less water, resulting in less drag and an advanced hydrodynamic effect. It's also easier to put on.

OPEN WATER WETSUIT

THE NEW POWERSKIN THUNDER WETSUIT

THE ESSENCE OF WETSUITS.

LOW-PROFILE NECKLINE
prevents chaffing for added comfort

Thick 4mm #38 Yamamoto limestone neoprene on the core allows for **MAXIMUM BUOYANCY**

#38 Yamamoto limestone neoprene on the legs is 3mm thick for an ideal **COMBINATION OF FLEXIBILITY AND BUOYANCY**

IMPROVED ZIPPER CLOSURE
provides a secure seal

Standard **BOTTOM-UP ZIPPER**
for ease of use

2mm thin #38 Yamamoto limestone neoprene covers the arms for **GREATER FLEXIBILITY**

Fina APPROVED

WORLD AQUATICS

MEET THE WETSUIT THAT IS FITTED WITH CORE TECHNOLOGIES TO PROVIDE THE BEST MIX OF BUOYANCY, FLEXIBILITY, THERMAL PROTECTION AND COMFORT.

The POWERSKIN THUNDER was conceived in an effort to understand the essence of what open water swimming beginners need from a wetsuit. We utilized our proven legacy and experience in the sport to provide novices with a clear-cut solution to their racing needs. Equipped with all the essentials, it is made entirely from eco-friendly, durable Yamamoto limestone neoprene and coated with Nano SCS for an efficient glide through the water.

The distribution of neoprene density minimizes resistance during the swimmer's stroke, and provides buoyancy in all the right areas for an optimal body position. The thickest 4mm layer is placed within the core for added stability, while the upper chest and legs are supported with a lighter layer of 3mm neoprene for thermal protection. The shoulders and arms experience greater freedom of movement thanks to the 2mm neoprene thickness coverage.

A photograph of a swimming pool with several swimmers in motion. The background is a wall of large, light-colored square tiles. The pool water is blue, and lane lines with white and blue floats are visible. A swimmer in the foreground is wearing a red cap and blue swimwear. Another swimmer in the middle ground is wearing a blue cap and blue swimwear. A third swimmer is partially visible on the left. A metal handrail is on the right side of the pool.

SWIMWEAR

The most innovative high-quality swimwear, preferred every day by millions of swimmers, from beginners to champions. Our range was designed with versatility in mind, to answer the needs of different consumer segments, embracing a diverse community of swimmers who feel connected to water.

A full-page advertisement for Arena One swimsuits. The image features two women standing by a swimming pool. The woman in the foreground is wearing a dark blue and black swimsuit with a vibrant, abstract pattern of light blue and white dots and lines. The woman in the background is wearing a bright cyan swimsuit with pink trim. Both suits have the Arena logo. The background shows a pool with blue and white flags and a building with a grid-like facade.

ARENA ONE

Athletic swimsuits with a cutting-edge, elegant design and long-lasting fabrics, that stand out wherever you swim.

ARENA FEEL

Comfortable and quick-drying swimsuits that fit like a second skin and you can wear wherever you swim.

FABRICS

»»» **WATERFEEL ECO**

- Flexible and easy to wear, for the best fit and freedom of movement.
- 80% recycled polyamide + 20% elastane.
- Obtained from industrial and yarn waste.
- Quick-drying and resistant to pilling and abrasion.
- 50+ UV protection.

Sensitive **CLASSIC**

- Light and fine, for the best fit and water feeling.
- 74% recycled polyamide + 26% elastane.
- Obtained from industrial and yarn waste.
- Quick-drying.
- 50+ UV protection.

REPREVE FIBER

- Long-lasting and comfortable.
- 82% recycled polyester - 18% elastane.
- Obtained from PET Bottles, reducing CO2 emissions and minimizing water usage in the process.
- Chlorine-resistant.
- 50+ UV protection.

FEEL THE WATER

4 brand new exclusive suits designed with mesh panels:

- Unique construction with beautiful and sexy mesh panels.
- Made with recycled Sensitive Classic fabric, light and gentle on the skin.
- Chlorine resistant, ideal for the pool and the beach.

FEEL FREE

flexible swimsuits made with the MaxFit Eco fabric and Repreve Fiber:

- Designed with our most flexible fabrics, to deliver maximum freedom of movement.
- Made with recycled quick-drying polyamide and polyester, extremely easy to fit.
- Chlorine resistant with UV 50+ protection, ideal for the pool and the beach.

A photograph of two women standing in front of a white tiled wall. The woman in the foreground is smiling and looking towards the camera. She has long, straight brown hair and is wearing a white sleeveless top with a black vertical stripe down the center. The woman behind her is also smiling and looking off to the side. She has curly brown hair and is wearing a white sleeveless top with a large black diagonal stripe. Both women are holding a pair of blue and white swim fins. The overall mood is bright and positive, suggesting a poolside setting.

ARENA SHAPEWEAR

Our shaping collection is elegantly designed for all active women who want to feel gorgeous at the swimming pool. Each piece is created with adjustable straps, a comfortable built-in bra and the Power Mesh technology to support and enhance different silhouettes.

FABRICS

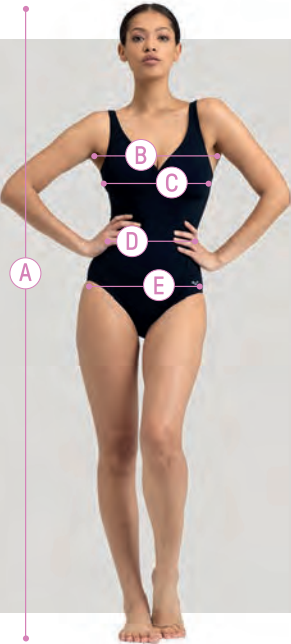

- Engineered for body shaping support and control
- 68% recycled nylon – 32% elastane
- Obtained from industrial waste. reducing CO2 emissions and minimizing water usage in the process.
- Made with LYCRA® Xtralife. delivering enhanced chlorine resistance. breathability.
- 50+ UV protection.

- Engineered for the best body shaping. with a focus support and tummy control.
- 59% polyamide – 41% elastane.
- Obtained from industrial waste. reducing CO2 emissions and minimizing water usage in the process.
- Made with LYCRA® Xtralife. delivering ultimate elasticity. freedom of movement and durability.
- 50+ UV protection.

PRODUCT FEATURES

CUPS

B / C
Designed to flatter every breast shape and size. Bodylift suits provide the support, security, and fit that women need to feel good and self confident. The inner cups, which have been developed to optimize water absorption, target the specific women's needs, from the full-bust figure through support and lift to the more petite chest thanks to its cleavage enhancing design.

SEAMED BRA

Wireless bra.
Comfortable for all bust shapes.
Lift and separate.
Medium support.

CLASSIC BRA

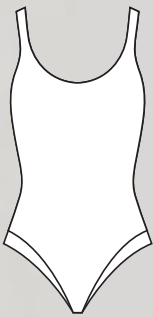

Easy sizing and suitable for all busts types.
Comfortable wearability.
Soft against sensitive skin.
Provides basic support.

ADJUSTABLE STRAPS

Practical slides ensure comfort and perfect fit.

TUMMY CONTROL

Power mesh technology.
A common area of concern for most women is the tummy, an almost challenging area regardless of age or shape. Power mesh technology, functional cuts smooth out the stomach, hiding undesirable curves without affecting breathability and comfort.

EQUIPMENT

Everything swimmers need in and by the water, to get the best of their water experience.

GOGGLES

COMPETITIVE

Designed for competitive swimmers and approved by FINA, arena Racing goggles combine innovative materials and a hydrodynamic profile that reduces drag and enhances vision, while delivering comfort and durability.

FITNESS

arena goggles are designed to protect your eyes, ensure the best visibility and deliver maximum comfort in the water, as if you were looking with your own eyes.

GOGGLES FEATURES

All arena goggles have UV protection and adapt perfectly to most facial profiles, avoiding any water leakage. A perfect fit also allows no humidity, protecting the lenses from fog.

1 LENS

- HARD**
High-performance lenses made from polycarbonate, which is durable and impact-resistant with superior optical clarity.
- MIRRORED**
Extra shading against light for outdoor swimming, frequent use in well-lit pools and in competitions.
- SUPER ANTI FOG**
The most advanced coating treatment. Lasts longer, thanks to an invisible layer that washes away vapor generated from sweat, moisture and water.
- SWIPE ANTI FOG**
Revolutionary anti-fog protection that lasts 10 times longer and can re-activated by swiping the lenses with your fingers.

LENS TINTS

- CLEAR:** These goggles with clear lenses are ideal for low-light environments and for those who prefer maximum brightness while swimming.
- MEDIUM:** These goggles with medium-dark lenses are suitable for all uses and variable or intermediate light levels.
- DARK:** These goggles with dark lenses are good for swimming in brightly lit environments or for those who prefer maximum light shielding.

2 SEALS

- SOFT SILICONE**
Seals made of hypoallergenic silicone for great softness, resilience, and comfort.
- JAPANESE RUBBER**
Soft TPR layer moulded over the lens on goggles without gaskets.
- LIQUID CORE TECHNOLOGY**
Liquid silicone offers the ultimate goggle comfort, fit, durability and elasticity.
- AIR SEALS**
Adaptive cushioning that are designed to compress and distribute the pressure only where needed, delivering a super light feeling.

4 STRAP

- SINGLE**
Simple, intuitive strap for classic comfort.
- DUAL**
Facilitates optimum fit through ability to apply tension on different areas of the head.
- SPLIT**
Combines simplicity and flexibility for a snug, comfortable fit.

3 NOSE BRIDGE

- INTERCHANGEABLE**
Three options available, with 3, 4, or 5 different levels for a custom fit and best possible comfort.
- SELF ADJUSTING**
Adaptable nose bridge that conforms to the shape of the face while wearing it.
- ADJUSTABLE**
Nose bridge that can be regulated on two different levels according to individual need.
- HIGH**
Located higher up on the frame to provide additional room for the nose or accommodate those with atypical facial profiles.

5 FIT

- SMALL**
Different density on frame and seal materials offer superior fit and comfort.
- MEDIUM**
Seals made of hypoallergenic silicone for maximum softness, resilience, and comfort.
- LARGE**
Soft TPR layer moulded over the lens on goggles without gaskets.

CONSUMER TARGET

TRIATHLETES

As triathletes prioritize protection from hits and wide vision, some goggles are more adapt than others for triathlon. Both goggles for competitive and fitness swimmers can meet triathletes needs nevertheless.

Goggles designed for all adults, thanks to their adaptable fit.

WOMAN

Goggles specifically tailored for ladies, providing a smaller fit, feminine COLORS and a more gentle touch on the skin.

JUNIOR

Goggles tailored for 6-12 year old swimmers, provided with a gasket design that suits smaller eye-sockets.

KIDS

Goggles suited for 2-5 year old swimmers, prioritizing safety, ease of use and comfort.

UNISEX ADULT

COBRA

BEST TECHNOLOGY. HIGHEST PERFORMANCE.

Cobra goggles are the most advanced performance goggles for competitive swimmers on the market.

The family is now enriched by the new Cobra Edge: superior hydrodynamic design, unprecedented side and upward vision, increased eyelash space and improved nose bridge and gasket fit for a better comfort: the state-of-the-art goggle, equipped with Cobra family's unparalleled anti-fog technology: Swipe.

Also in the family: Cobra Ultra, with its sleek hydrodynamic construction and Cobra Core, mostly known for their comfort, both share frame-integrated lenses, reducing drag to the extreme.

At the same time, both Cobra Ultra and Cobra Original present an ingenious extended frame for extra stability when on.

Besides, Cobra goggles are enviously cool: their aggressive look gives swimmers an edge over their rivals.

FSC
PAPER MIX

AIR

COMFORTABLY LIGHT.

How goggles feel on your face can be a real game-changer for both fitness and competitive swimmers. Our Air goggles prioritize lightness and comfort with gaskets that reduce pressure on the eye socket and the pain caused by suction on sensitive areas. The special honeycomb texture of the Air Seals ensures they sit softly on the face but are also watertight.

Moreover, all Air Bold goggles are equipped with the most advanced anti-fog technology: Swipe.

FSC
PAPER MIX

THE ONE

DESIGNED TO FIT EVERYONE.

Made for fitness swimmers, the One goggles look cool on almost any face with their distinctive design. We studied facial anatomy to craft seals that better sit around the eye socket. The result is an amazingly watertight goggle that adapts to almost every face. It's no wonder The One is an arena bestseller.

The "one fits all" concept has now been improved even more with the new entry of the family, The One Plus, which brings comfort and fit to a whole new level. The One Plus also features a new anti-fog technology that lasts 2x longer than a standard one.

FSC
PAPER MIX

SPIDER

PRACTICAL AND COMPACT.

Spider goggles are the perfect choice for swimmers who want a practical and compact solution. Made for recreational and fitness swimming, their simplicity is what makes them so good. All Spider goggles have a silicone strap with a single clip for easy adjustment, even for kids. The self-adjusting nose bridge adapts intuitively to your facial structure.

CAPS

COMPETITIVE

Designed for competitive swimmers and approved by FINA, arena Racing caps are the benchmark for water drag reduction and high-level hydrodynamics.

FITNESS

High quality caps coming with a design language delivering bright COLORS, eye-catching graphics and innovative materials for who wants to stand out from the crowd or simple and geometric lines combined with essential materials for the sports purists.

arena

CAPS FEATURES

WRINKLE FREE

3D moulding gives the cap its ergonomic properties and eliminates wrinkles, making for a smooth glide through the water.

PVC FREE

No PVC (polyvinyl chloride) plastic has been used.

WATER REPELLENT

The superior water repellency of silicone and latex ensures that water does not penetrate the cap and reduces drag.

EXTRA COMFORT

The selection of material and design ensure that the cap fits snugly, while also providing elasticity and ease of use.

EASY TO WEAR

The design and the materials used in these caps make them especially easy to put on.

SUITED FOR LONG HAIR

The cut, material, design and manufacture are tailored specifically towards swimmers with long hair, making the cap easy to wear.

SMART CAP

Based on the combination of a band that holds your hair and breathable cap that protects it from water, the award-winning Smartcap is specifically designed for long hair swimmers.

AQUAFORCE WAVE CAP

ARENA AQUAFORCE WAVE CAP

THE WORLD'S FASTEST FINA-APPROVED RACING CAP

PERFECT ADHESION

Dome cap made of premium soft silicone preventing wrinkles and providing the maximum adhesion.

REDUCED DRAG

Rough micro-structure that helps to trap the water and reduce surface drag.

SECURE ON THE HEAD

Thicker silicone band to prevent the cap from slipping off.

BETTER GLIDE

Wave structure design that "trap" a thin layer of fine bubbles across the entire surface, over which water flows significantly faster and more efficiently.

005614 - AQUAFORCE WAVE CAP USA

The next level go-to-racing cap.

FEATURES

Wave structure design to reduce water drag profile by 27%.

Inner anti-slip design to prevent the cap from slipping off.

SPORTSWEAR

A modern range of essential and multipurpose garments designed for swimmers to complete their training out of the pool.

A woman with dark hair in a ponytail is sitting on a ledge by a large window. She is wearing a white short-sleeved t-shirt with the 'arena' logo on the left chest and blue athletic shorts with the 'arena' logo on the left leg. She is looking out the window to her right. The scene is brightly lit with natural light from the window. The background shows a blurred view of a building exterior.

A woman with curly hair is captured in a dynamic, athletic pose on a green artificial turf field. She is wearing a blue zip-up hoodie over a black sports bra with the 'arena' logo, and black leggings also featuring the 'arena' logo. Her arms are extended forward, and her legs are spread wide in a powerful stance. The background consists of a white wall with several circular openings and a clear blue sky. The overall aesthetic is modern and energetic.
