CUSTOM TEAM GEAR STORES

Founded in 1979, Baden Sports (pronounced BAH-den) is a 3rd generation family-owned sporting goods company located in Kent, WA, just 10 miles southeast of Seattle.

THE HISTORY

Passionate sports players and fans, founder E.C. Schindler and his son, Michael Schindler, were unsatisfied with the quality of balls available on the market; players deserved a better experience. By learning every detail about how a ball is made and through rigorous testing, they started producing sports balls that were like nothing the market had seen; balls of high quality and great value.

PASSION FOR A BETTER GAME

With innovation as its driving factor, Baden asked, "How do we make the game better for the player?" Baden's first major innovation in sports was creating the women's sized basketball, becoming the first athletic ball manufacturer to produce the women's ball, adopted by the NCAA in 1984. Since this achievement, Baden has innovated countless technologies for basketball, volleyball, soccer, football, baseball, and softball, including Axe baseball and softball bats, a line of ergonomic bats, which are changing the face of the game.

That same question and approach is how Baden views the start of any new product. Baden doesn't create "me too" products, but carefully analyzes each component of a ball or sports accessory, looking to optimize it for as close to perfect a user experience as possible for the player.

WHAT WE STAND FOR

Baden's goal is to give our customers an authentic experience, whether they are using one of our products in play, or interacting with one of our team members directly. Baden's vision statement, mission statement, and core values represent what Baden stands for and what is central to everything we do.

MATRIX

Introducing the new Matrix volleyball, featuring the Matrix panel configuration, TruFlite technology for unparalleled accuracy, and SpinTrak for enhanced control. Elevate your game with this innovative, high-performance volleyball designed for champions.

MATRIX PANEL DESIGN

The Matrix panel design cuts seam length without reducing panel count or creating large swatches, ensuring excellent seam quality and aerodynamic consistency.

TRUFLITE COVER

Tested in a wind tunnel, the dimpled microfiber cover ensures consistent performance regardless of the ball's orientation during flight.

SPINTRAK TECHNOLOGY

The vibrant color blocking and Matrix panel layout boost visual recognition of the ball's spin, making tracking and reacting quicker and easier.

SIZING SUGGESTIONS

In the event of indecision, we suggest sizing up one size for a more loose fit. We highly encourage teams to request samples so that sizing can be handled appropriately based on your garment selection.

HOW TO MEASURE

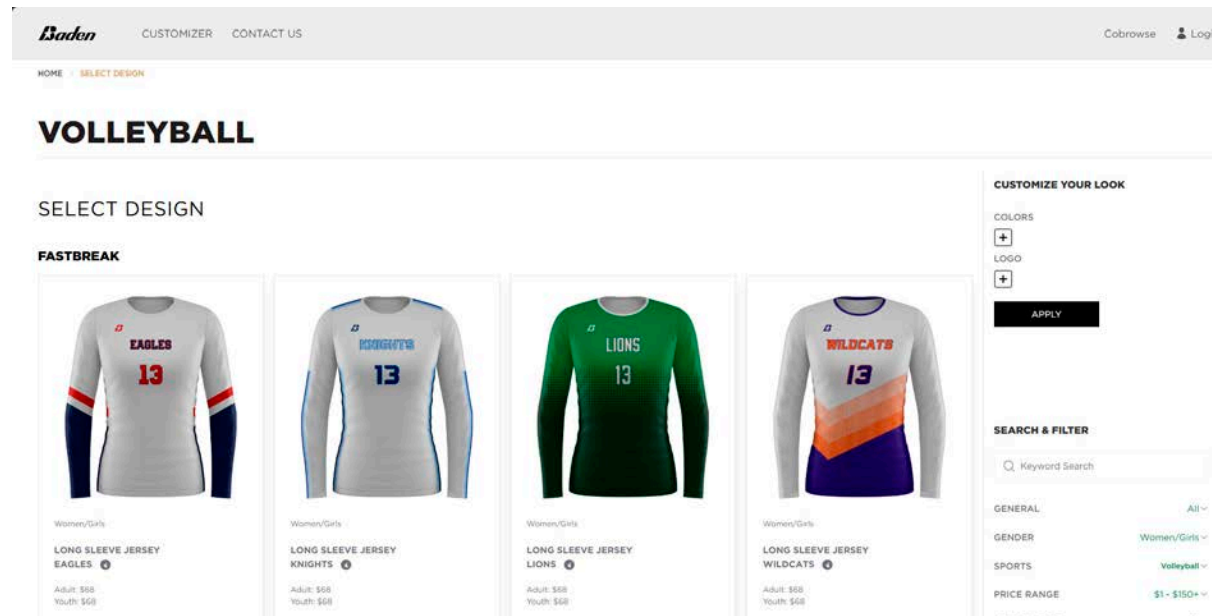

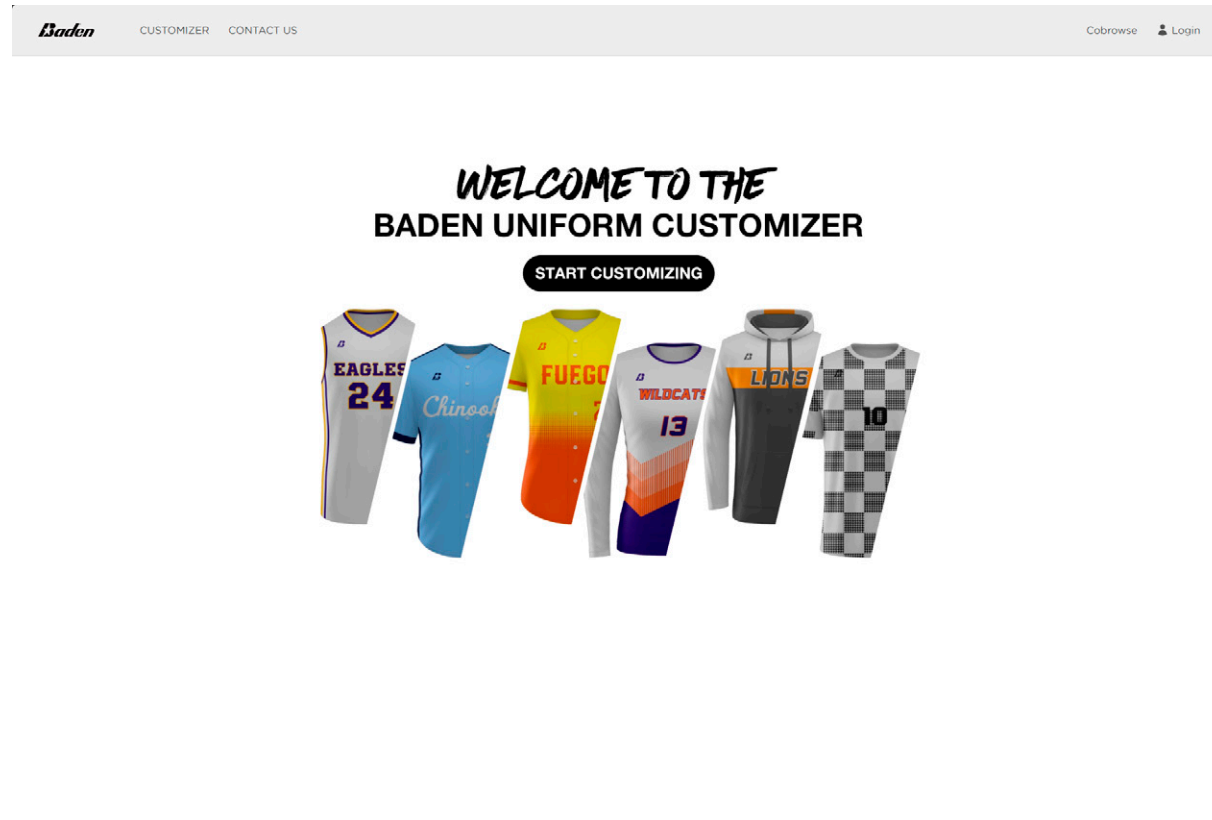

Chest: with arms down at sides, measure around the upper body, under arms, and around the fullest part of the chest.

Waist: measure around the narrowest part of your waist, located above the belly button and below the rib cage.

Hips: measure around the widest part of your hips, including your glutes.
