BOXERCRAFT

your life. your spirit.

When we say “About Us”, what we really mean is “About You”. It’s your life and you have the freedom to make your own choices...who you want to be, where you want to go, who your friends are, who you love, what you love, where you live, where you work and what you wear. Your life is so diverse and so strong that no one lifestyle brand can get the job done for you in terms of your style. Fashion is what you buy and style is what you do with it. We are humbled to find our way into your closet and be one of your choices to help you create your own personal style.

Boxercraft was founded in 1985 catering to a casual, loungewear style that was sweeping across college campuses. Our loungewear combined with cool graphics positioned us at the heart of the “spiritwear” world in the campus bookstore. For 35 years, we have been in the “spirit” business but that “spirit” has evolved a great deal. Spirit is defined as the nonphysical part of a person which is the seat of emotions and character; the soul. We’re here to help you celebrate your spirit... whatever that may be or wherever it comes from. Maybe it is your school spirit, team spirit, company spirit or your community spirit. Maybe it’s simply your individual spirit – who you are, your character, and your soul.

Today’s Boxercraft is a collection crafted for comfort and style. It is a collection that embraces a casual lifestyle and the freedom to relax. It is a collection you can count on every day to be a part of your life and celebration of your spirit.
