The most trusted source for premium sports,
fitness and physical education equipment

Founded in 1961 by husband-and-wife team Bernard Meller (1918–2013) and Dolores Meller (1931–2019), Champion Sports originated in the Bronx, New York. Bernard Meller handcrafted his first piece of sports equipment in his basement—the Leather Boxing Rope with wooden handles. Bernard and Dolores worked side by side to create and run the business, which at that time was headquartered in their apartment building’s basement. While Bernard was busy handcrafting jump ropes, Dolores took care of the business’s finances. Their tireless hard work led to further ideas, which soon manifested into the sourcing and procurement of a wide variety of products.

Now in our third generation of family operations, Champion Sports continues to build on a tradition of quality, value and innovation. We are proud to highlight the exciting progress we’ve made to further serve our growing customer base. We launched a redesigned, modernized website to enhance our customers’ experience and accessibility, while also expanding our catalog to include new brands—**JFIT**, **Day 1 Fitness** and **Stakt**—broadening our reach in the fitness and wellness markets.

At Champion Sports, we stand behind our products and foster an experience that helps athletes and programs reach their goals. We carry over 2,000 products tailored to team and individual athletes, fitness enthusiasts, physical education programs, and both recreational and professional markets.

Champion Sports continues to remain committed to investing in infrastructure, personnel and customer-centric resources. Above all, we value our customers and ensure our high-quality products remain attractively and reasonably priced.

We welcome dealers, institutional buyers and resellers of all types. If you have any questions or would like to inquire about becoming an authorized dealer or reseller, please contact us. See the next page for contact details.

Mode 1. The ball is supported at about ground level so you can learn to kick field goals like the pros.

Mode 2. When practicing with a holder, flip the tee so the flat side is facing up to create a 1" kicking block. The small projections make for a fast and sure hold under any weather conditions. No slipping when wet.

Mode 3. In the orientation of Mode 1, insert the tee into the plastic base to create a 1" kicking tee.

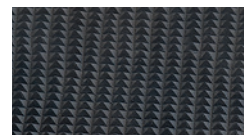

Mode 4. In the orientation of Mode 2, insert the tee into the base to create a 1.75" kicking block.

We design and manufacture all of the RHINO Skin® balls in our state-of-the-art factory in Sweden.

We cover each ball with a proprietary coating that increases durability and grip while eliminating contact sting. The ball coating is mixed in-house, to eliminate waste and reduce environmental impact. We also avoid using materials that could lead to dangerous chemical leaks – making our balls safer for all ages and the earth, so it's a win-win.

After we make each batch of balls, we submit them for testing and approval by Eurofins, an organization that surpasses traditional USA standards. Don't worry, though – our balls are also approved for safety in the USA.

*F*ounded in 1961 by Bernard Meller (1918–2013) and Dolores Meller (1931–2019), Champion Sports originated in the Bronx, NY. That year, Bernard designed his first piece of handmade sports equipment, the leather boxing rope with wooden handles, and then Champion Sports took off. While Bernard was busy handcrafting jump ropes in their apartment building’s basement, Dolores ran the finances of the business.

Starting with a classic handcrafted jump rope, Champion Sports has grown to providing over 2,000 premium products today to dealers and organizations across the nation.
