BUILT TO LEAD

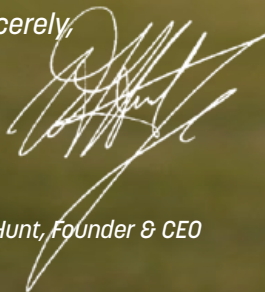

From the beginning, the feeling of camaraderie and the fond memories gathered from participating in athletics have fueled the passion that is CHAMPRO. 36 years ago, we spent countless hours creating products and writing orders around a kitchen table; and now, through a simple promise of providing accessible, quality sporting goods to everyone who wants to play, CHAMPRO has developed into a company with 40 factories in 13 countries with customers all around the world. CHAMPRO is family-owned, which allows us to be hands-on to provide personal attention and the best service to our customers.

CHAMPRO equipment and uniforms are used by millions, from youth programs to professional athletes. Because we do not pay for advertising or endorsements, our products offer more performance per dollar than any other brand. We use our resources for research, development, and distribution. Plain and simple. CHAMPRO athletes choose us because our gear outperforms and outlasts the competition. And we are not stopping there. Our R&D team is driven to create products that will raise our performance ceiling to the next level and big releases are coming soon!

We also operate under a one-world philosophy. We have a global commitment to positively impact people's lives and our planet. The CHAMPRO School in Ethiopia was created to provide a campus to educate those without the resources to do so for themselves. We provide funding and in-kind support to continuously upgrade educational materials and build wells to provide fresh water for the school and surrounding areas. We also provide support and product for local youth sports programs through the Boys' and Girls' Clubs and other organizations serving disadvantaged young people. We plant a tree for every sales order we receive and we source 100% of the electricity in our headquarters office and DC from renewable sources. Our commitment is also to our staff. We foster a safe, fun, and fair work environment where all team members can thrive and grow.

Our Team Builds Yours.

Sincerely,

A stylized, handwritten signature in white ink, likely belonging to Bill Hunt, the Founder & CEO of CHAMPRO. The signature is fluid and cursive, with a long, sweeping underline.

GAUNTLET SP (SKILL POSITION) SHOULDER PAD

The perfect extension to the Gauntlet shoulder pad line has arrived. Introducing the all new Gauntlet SP skill position pad. This pad is designed for high school quarterbacks, wide receivers, and defensive backs. The Gauntlet SP is engineered with a smaller profile for enhanced range of motion. Revised arch plates have been optimized to allow greater range of motion. All of these changes allow offensive and defensive players more range of motion with their arms and the reduced bulk adds to speed and agility. A low profile forward cant design helps dial in the fit. The Shock Rail Protection system disperses impact through the shoulder corrugation ridges. 3D steel arch spring and heavy-duty buckle system found on the Gauntlet 3 helps maintain a secure fit. Look for the Gauntlet SPs in a wide array of sizes in early 2022!

DESIGNED FOR HIGH SCHOOL
QUARTERBACKS, WIDE RECEIVERS,
AND DEFENSIVE BACKS

CONCEPT 3000 DISLODGING SAFETY BASE

REDUCES THE POTENTIAL FOR SLIDING INJURIES

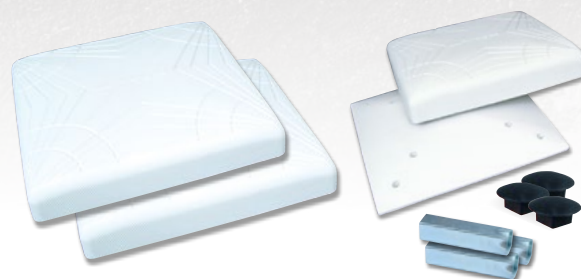

Top pad is strong enough to support a player standing on the base, but flexes and dislodges from the smooth bottom plate as player slides in. Pad can be reset on the bottom plate when play is complete. This allows the player standing on the base to be supported by the rigid top pad, while the sliding player can smoothly slide over the plate after the pad dislodges.

We manufacture a complete range of softballs to ensure that we have a ball that meets the durability and performance standards required by any league and any budget. Our high performance polyurethane cores are pressure molded to provide maximum durability and adhere to prescribed performance metrics of NFHS, ASA/USA, USSSA and Little League. Our leather and durahide covers offer the best, longest lasting grip in the field. Our fastpitch softballs feature our raised "High M" seam with the feel that players prefer.

CHAMPRO® softballs are coded on the center panel to instantly identify the construction of each ball.

The first letter is always "T" for Tournament or "G" for Game.

T (Tournament) - Leather cover & polyurethane core, high performance
G (Game) - Durahide cover & polyurethane core, all levels of play

The second and third letters are either "FP" to indicate fastpitch or "SP" to indicate slowpitch, which also will identify the seam construction.

FP (Fastpitch) - Raised Seams
SP (Slowpitch) - Flat Seams

The two digit number at the end of the name indicates the coefficient of restitution (COR) of the softball.

Note: USSSA specifications prohibit marking the COR and compression numbers on the ball.

PERFORMANCE FABRICS

We offer a variety of performance fabrics to suit any team or event. Lightweight choices like Z-Cloth or Active Cloth 2.0 provide affordable comfort, while heavier Fusion and Blink Mesh allow for durability without sacrificing breathability. Whether you value moisture-wicking technology or maximum ventilation, JUICE Infused Gear has you covered.

PREMIUM MATERIALS

Our premium sublimation inks produce the most vibrant colors the industry can offer. All of our available JUICE Infused colors are calibrated in house to ensure the purest and most accurate depiction of that color. Our state-of-the-art machinery is tested frequently to establish error-free color matching standards that you can trust.

STYLES & DESIGNS

In order to supply uniforms for any level or league, we provide a diverse line-up of garment styles and templated designs. We offer everything from simple t-shirt styles to high-end, technical cut jerseys. We also have different fits ranging from loose to high-stretch compression. These choices combined with our on-trend decoration options present teams with the variety to create their perfect uniform.

PERFORMANCE FABRICS

We offer a variety of performance fabrics to suit any team or event. Lightweight choices like Z-Cloth or Active Cloth 2.0 provide affordable comfort, while heavier Fusion and Blink Mesh allow for durability without sacrificing breathability. Whether you value moisture-wicking technology or maximum ventilation, JUICE Infused Gear has you covered.

PREMIUM MATERIALS

Our premium sublimation inks produce the most vibrant colors the industry can offer. All of our available JUICE Infused colors are calibrated in house to ensure the purest and most accurate depiction of that color. Our state-of-the-art machinery is tested frequently to establish error-free color matching standards that you can trust.

- No up-charge or minimums for fill-in orders with the same design and graphics. An up-charge of 25% if any changes are requested to the fill-in order.

ORDER SUBMISSION

- Orders will not be accepted without a PDF and roster from the Custom Builder, Uniform Builder or an electronic order form. Contact our customer service representative for an electronic copy of the order form.
- Build and order your uniform online at champrosports.com or build at ub.champrosports.com and e-mail it to juice@champrosports.com.

CUSTOM JUICE SUBMISSION

- No art charge for template designs or numbers.
- Template designs within a sport are interchangeable, but template designs requested in another sport pattern will incur a set-up charge of \$50.
- Unique designs not based off a CHAMPRO template will incur a one-time \$50 set-up charge.
- All colors, decoration, locations and sizing must be specified.
- Any custom orders not submitted with specific direction may be subject to artwork fees.
- Artwork must be submitted in one of the acceptable artwork formats listed below.

ACCEPTABLE ARTWORK FORMATS

VECTOR ART

- We accept print-ready vector art files in the following formats: AI, EPS, or PDF. Vector art can be scaled to any size while maintaining quality. **Vector art is always preferred.** Please remove any overprints within your file; these will drop out when printed. If vector art cannot be supplied, files that require digitization will incur a graphic design service charge at the rate of \$50 per hour with a minimum charge of one hour.
- PDF files will be converted to AI; we are not liable for any errors during conversion.

RASTER ART

- Raster art, otherwise known as bitmap art, is composed of pixels grouped together to make one complete image. When scaled larger, the image will look pixelated. If you must submit a raster image, make sure the resolution is 200 DPI (dots per inch) or larger.

OUTLINED FONTS

- Outlined fonts are required for all artwork formats. Font selection can vary on different computers, which can cause a desired font to be replaced with a generic one. To preserve your fonts, always outline, embed, or convert them to shapes before submitting artwork. If a specific font is required, the name of the font and the font file (TTF or OTF) must be submitted.

EMBEDDED IMAGES

- Most programs allow the user to add an image to a file by linking or embedding. Embedded images are stored within the document itself, while linked files are not. Because of this, linked files can vanish when opened from a different computer. Please embed all images to avoid losing them when files are submitted. Any embedded images must be high resolution. If submitting a PSD file, all layers should be flattened.

UNACCEPTABLE FILE FORMATS

- Microsoft Office, InDesign, Quark, Corel Draw, Publisher, or low-resolution scanned images.

GRAPHIC DESIGN SERVICES & GENERAL DETAILS

- Our professional graphic design services for custom logos, artwork or logo digitization are charged at the rate of \$50 per hour, with a minimum of one hour. Please contact us for an estimate.**

- CHAMPRO will not be responsible for errors resulting from copy that was received or approved incorrectly.

- CHAMPRO will acknowledge receipt of approval and confirm lead times.
- Production and lead time will not begin until a written artwork and roster approval is received by CHAMPRO.
- No changes to an order will be accepted after artwork and roster approval is received; any changes needed will have to be submitted as a new order.

SHORTAGES/CLAIMS/CANCELLATION

- Any claims or shortages with your order must be reported within 10 working days of receipt of goods.**
- No cancellations or changes are accepted after the order is approved.
- Any cancellation after this time will be subject to 50% charge of the order total.

COLOR DISCLAIMER

- Scientifically it is not possible to achieve a perfect color match from one JUICE garment to another, or from JUICE garments to CHAMPRO stock garments. Therefore, we cannot guarantee a perfect match from order to order or from one fabric to another. If you have questions about our colors, please contact us for more information. Art submissions with specific Pantone Color call outs will automatically be converted to CMYK. If your job is color sensitive, please contact us for information on color matching services. RGB files will be converted to CMYK; some color shifting will most likely occur. Unless a sample is ordered, CHAMPRO is not responsible for unsatisfactory color results.

COLOR MATCHING

- We cannot color match gradients. We print digitally in CMYK and use PMS colors as a guide; therefore the colors are not exact. If you have a color sensitive project, we highly recommend that you order a sample. In the event that you do not, we will match as close as possible to the PMS colors provided, but are not responsible for the colors not printed to your liking.

CARE INSTRUCTIONS

- Do not dry clean.
- Do not wash in hot water; Do not use chlorine bleach; Do not wash whites and colors together; Do not dry on HIGH heat.
- Excessive heat may cause fabric shrinkage and color change. Do not put JUICE garments through a screen print dryer.
- CHAMPRO is not responsible to damage to apparel as a result of improper care.

ARTWORK DISCLAIMER

- CHAMPRO® wants to work with you to put your designs, artwork, and logos on the products you purchase from us. Any such designs which CHAMPRO® prepares for you ("Artwork") will be the property of CHAMPRO® and will remain CHAMPRO® intellectual property even if you have paid a fee for our design services. You will receive the Artwork only as it appears on goods purchased from CHAMPRO® and not in any electronic format. We will have the right to use the Artwork for any lawful purpose, including without limitation, for sales and advertising.
- You represent that you have all the appropriate rights to use Customer Designs which you provide to CHAMPRO®, and you agree to indemnify and hold harmless CHAMPRO® for all costs or damages arising from a claim of infringement against CHAMPRO® related to your Customer Design. CHAMPRO® may request you provide written proof of your rights to use any third party logo or trademark prior to CHAMPRO® using such logos or incorporating such logos into your Artwork. However, whether or not CHAMPRO® makes any such request does not affect your obligation to indemnify and hold harmless CHAMPRO® for all costs or damages arising from a claim of infringement against CHAMPRO® related to your Customer Design.

IMPORTANT NOTE

The measurements listed in the below charts are body measurements (in inches), not garment measurements. If your body measurement is on the borderline between two sizes, order the smaller size for tighter fit or the larger size for looser fit.

How to Measure:

Bust/Chest:

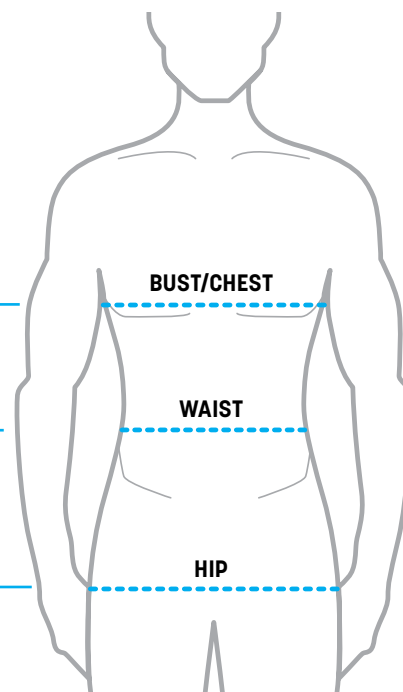

With arms relaxed at sides, measure around the body at the fullest part of the bust/chest, keeping the tape parallel to the floor.

Waist:

Measure around the body (not on top of clothing) at the natural waist level.

Hip:

With feet together, measure around the fullest part at hip level, keeping the tape parallel to the floor.
