## Mason Parris Wins The Hodge Trophy and a National Championship

An epic season for University of Michigan wrestler, Mason Parris. A HWT National Title, capped with the ultimate trophy in college wrestling, The Hodge Memorial Trophy! Mason finished his collegiate career as a 4X NCAA All-American, Big Ten Champion, Academic All-American. We can go on and on about Mason's many accomplishments. But like Coach Keen used to say, the ultimate measure of a wrestler's success is what they accomplish OFF the mat. Mason's future is bright, and no doubt, there are big things ahead for him. We're just happy to be along for the ride.

Set your sights, not on what is now behind you, but rather what lies ahead.

Wrestling knows no boundaries. No limits. Wrestling is an outlet for many, and a passion for most, who give their all to the sport.

# HEADGEAR

Legendary wrestling coach Cliff Keen brought his wisdom to the table when he invented the wrestling ear guard in 1958. He understood the dedication, hard work and passion wrestlers bring every day. And today, that's exactly what we put into every headgear we create.

Manufacturing the best fitting, most reliable and proven wrestling headgear on the planet, we understand what makes wrestlers get up every morning and push themselves past their limits every day, in the relentless pursuit of success.
