LIGHTSTRIKE®

LightStrike is the culmination of years of research in biomechanics, active drag analysis, fabric innovation, and compression analysis. These FINA approved tech suits offer several fit options catered to the unique needs of the athletes.

Lightstrike is available in both flex leg and tight leg for womens and mens suits. Our flex leg gives more mobility in the inner thigh and is a great option for athletes swimming breaststroke and longer races. The tight leg provides ultimate compression and is great for any swimmer.

VIBRATION CONTROL

Reduces drag while increases compression and control for additional energy return.
(Flex Leg only)

EXCLUSIVE FABRICATION

Stormlight Shell and Hyperlight Lining developed in Italy, this unique fabrication provides a high strength to weight ratio.

POWER FLEX STRAPS

Control with comfort and strength without compromised motion.

VARIABLE COMPRESSION

Additional muscle movement control through variable compression fabric.
(Flex Leg only)

CORE POWER

Patent-pending control taping helps compress, control, and activate your muscles.

MENS

Available in Jammer and High Waisted Jammer. The Jammer sits lower on the hip, providing less coverage than the High Waisted version which provides additional coverage and added compression.

WOMENS

Available in Open Back and Closed back. The Open Back fit offers the well-known tech suit feel. The Closed Back features a seamless back resulting in additional compression on the body, added water repellency and decreased drag in the water.

SIZE CHART

HOW TO MEASURE

*All measurements recorded in inches

- 1
- Chest Measurement:
Always measure at the fullest part of the chest with your arms at your side.
- 2
- Waist Measurement:
Measure around the natural waistline, which is the narrowest part of your waist.
*For LightStrike suits - Measure at the belly button.
- 3
- Hip Measurement:
Always measure at the fullest part of the hip standing with your feet together.
- 4
- Torso Measurement:
Start at the shoulder, down the torso, through the legs, and return back to your starting point.
