ONIX Evoke Premier – Light Weight Version

- LEADING PICKLEBALL MANUFACTURER – ONIX is the lead manufacturer of performance pickleball paddles, balls, and accessories that enable players to compete at their highest level. ONIX is devoted to giving athletes of every player level the best paddle and ball for their game. ONIX has players that compete in national tournaments all across the country.
- DESIGNED AND TRUSTED BY PRO PLAYERS MATT WRIGHT & LUCY KOVALOVA – ONIX Evoke Premier paddle was co-developed by the two Pickleball National Champions in order to bring power and precision to your game like never before. The Evoke Premier is trusted and used by top professional pickleball players at the highest level of play.
- DISPERSES SHOCK WITH INCREDIBLE TOUCH – Evoke Premier pickleball racket uses the new Atomic13 Edge Technology, an edge guard specifically designed to disperse shock while increasing power and swing-speed to the paddle. The DF Composite face provides a consistent minimal coating on the surface to soften the ball without losing any spin or pop off the composite face. The precision cut polypropylene core delivers incredible touch.
- IMPACT PADDLE SHAPE – Evoke Premier has a perfect shape of 16" x 8 which makes it perfect for slightly increasing reach and maximizing baseline power, making it the most powerful and solid paddle in the ONIX pickleball lineup.
- USAPA/USA PICKLEBALL APPROVED - The ONIX Evoke Premier pickleball paddle meets and is approved by USAPA and USA Pickleball requirements deeming it acceptable for all official tournament play.
