REBEL NATION

STEVE STALLWORTH

It is not the crane who stumbles, nor the man who pines and
how the strong that shudder, or where the door of death
could have done them better. The credit belongs to the man
who is actually in the arena, whose face is marked by dust
and sweat and blood, who knows victory, who can, and
comes down again and again, because there is no other
without effort and discouragement, but who does actually
succeed in doing the deed, who knows the great endurance
the great devotion, who spends himself in a worthy cause,
who at the last knows in the end the triumph of high
achievement, and who at the worst, if he fails, at least fails
while doing greatly, so that his place shall never be with
those cold and timid souls who know neither victory
nor defeat.
