PITCHING MACHINE**

**NEW SP3™ SOFTBALL
PITCHING MACHINE**

**NEW
FOR 2022**

SP3™

The Superior Pitch
pitching machine

The key to hitting
is getting a good
pitch to hit.

M1031

\$3,495 EA

Recommended Skill Level

- Backyard Players
- Youth Leagues
- High Schools
- Colleges
- Professionals

Speed Range

- 40-90 mph

Unparalleled 5-Year Guarantee on all parts except the control panel, moving and non-moving, against normal wear and factory defects.

2-Year Guarantee on control panel and handheld remote control unit against normal wear and factory defects.

**A Multi-Station,
All-Purpose machine**

The JUGS SP3™ Baseball Pitching Machine's targeting system takes your batting practice to the next level. Change from high and inside to low and outside with a couple turns of the vertical and horizontal micro-adjustment knobs.

Why JUGS SP3?

- Pinpoint accuracy and control.
- 40-90 mph speed range.
- 8 pitches at the turn of a dial—Fastballs, Split-Finger Fastballs, Right and Left-Handed Curves, Sliders and Cutters.

Carousel Feeder

OPTIONAL 36-Baseball Carousel Ball Feeder: See Page 12 for more details.

Black to Black accuracy at the turn of a dial and twist of a knob.

Realistic Delivery Height

Realistic 64" delivery height. Delivers pitches at a realistic downward plane.

NEW Defensive Short Legs (3)

Perfect for all defensive drills, grounders and deep fly balls. The perfect addition to the SP3.

SP3™ Features and benefits:

- A) Patented Grip-Tite® 12" non-marking pneumatic tires—Average 20-year life expectancy compared to 5-year solid-tire life expectancy.
Grip-Tite® tires provide superior pitch accuracy compared to any other 3-wheel machine. Grip-Tite® tires will not melt, crack or chunk like solid tires.
- B) 3 wheels provide better contact with the ball for exceptional pitch control and accuracy.
- C) 3 wheel design eliminates the need to rotate the machine to change pitches.
- D) Always see the ball™ delivery system: A clear and uninterrupted view of the ball throughout the entire pitch process allows the hitter to realistically time their stride.
- E) LCD Readout Display
- F) Digital Speed Adjustment: 40-90 mph.
- G) Select-A-Pitch™ Dial: The SP3 throws the following eight pitches at the turn of a dial.
 - Fastballs
 - Right- and Left-handed Curveballs and Sliders
 - Right- and Left-handed Cutters
 - Split-finger Fastballs
- H) Micro-Adjustment: Pinpoint™ control at your fingertips—the most advanced and easy to use pitch targeting system ever developed for a pitching machine (patent pending.)
- I) Vertical and Horizontal Macro Adjustment Levers: Throwing deep 325' fly balls or towering pop-ups has never been easier. 360 degree rotation allows you to easily practice using the entire field.
- J) Quick-Snap® leg attachment—No T-handle or leg clamp necessary.
- K) Easy to move and set up—Simply lock machine in the "pop-up" position, lower to the ground and wheel your machine like a wheel barrow.
- L) Three ¼ HP motors will give you years of trouble-free use.
- M) Three cast-aluminum motor guards protect motors from direct hits.
- N) Cast aluminum and steel construction—weighs 140 lbs.
- O) Throws baseballs, JUGS Pearl®, JUGS Youth League Pearl®, Sting-Free® baseballs, Lite-Flite® baseballs, Softie® baseballs and Bulldog™ polyballs.
- P) Runs on 110-volt AC or the Yamaha® EF2200iS Inverter Generator.

"I encourage coaches to definitely get their hands on one of these machines. I'm sure it's going to help your player's game—Big Time!"

Albert Pujols—

3-time NL MVP and member MLB's 600 Home Run Club

A. Pujols

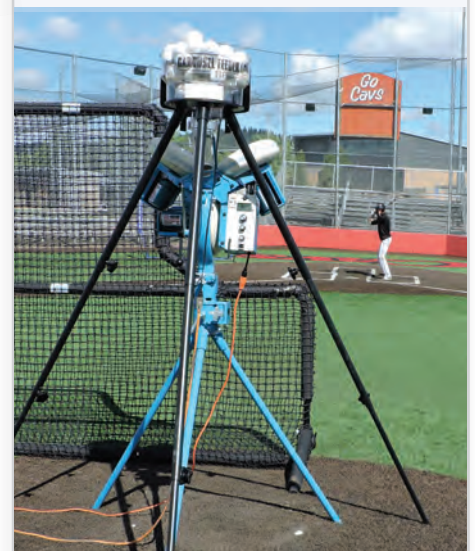

The JUGS BP[®]3 Baseball Pitching Machine's changeup feature, higher speed range and the ability to effortlessly change from pitch to pitch, is designed for the advanced player whose skills demand practicing every pitch at game-like speeds.

Change speeds without the hitter knowing it!

Switch between fastballs and changeups with the touch of a button using the handheld remote control. Remote control can be used at the machine or even behind the hitter.

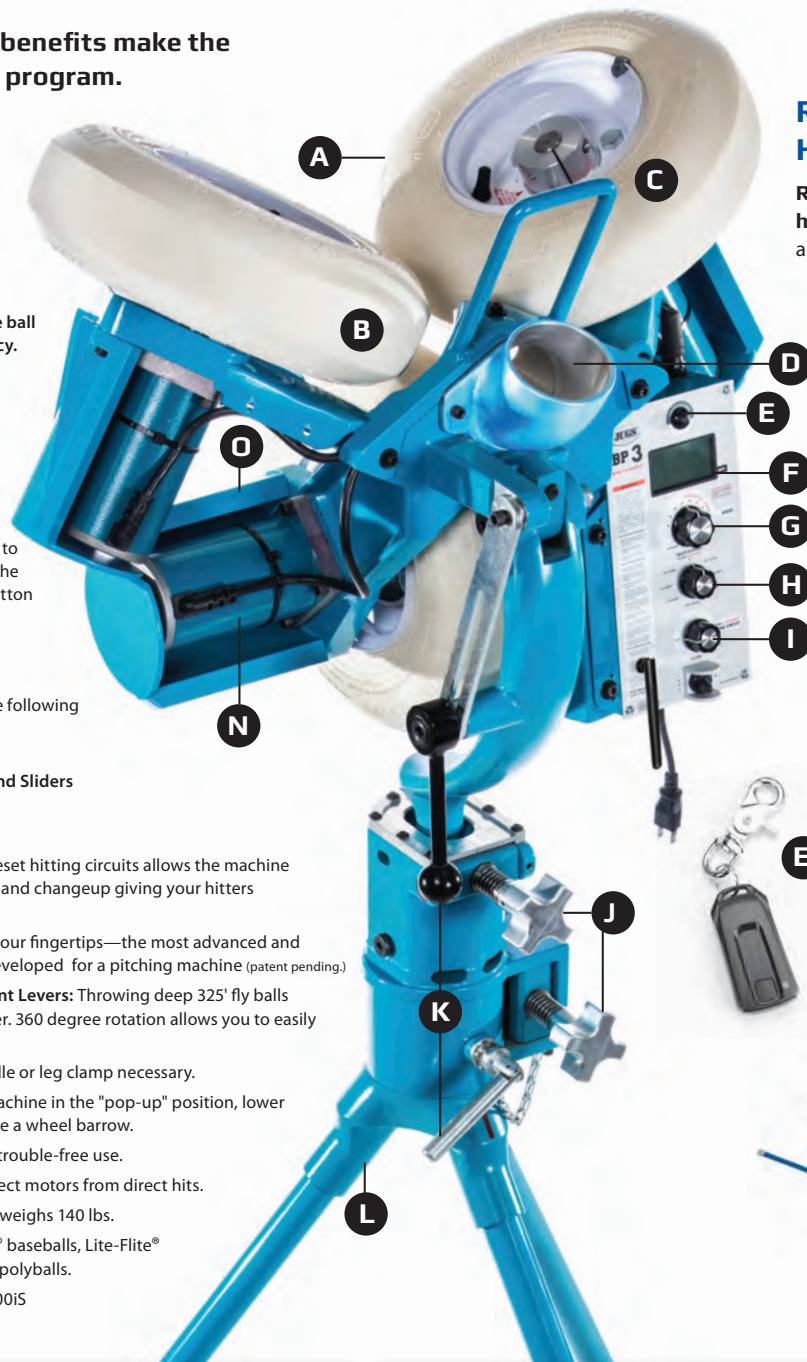

Carousel Feeder

OPTIONAL 36-Baseball Carousel Ball Feeder: See Page 12 for more details.

The following features and benefits make the BP®3 a must for any serious program.

- A) **Patented Grip-Tite® 12" non-marking pneumatic tires**—Average 20-year life expectancy compared to 5-year solid-tire life expectancy.
Grip-Tite® tires provide superior pitch accuracy compared to any other 3-wheel machine. Grip-Tite® tires will not melt, crack or chunk like solid tires.
- B) **3 wheels provide better contact with the ball** for exceptional pitch control and accuracy.
- C) **3 wheel design eliminates the need to rotate the machine to change pitches.**
- D) **Always see the ball™ delivery system:** A clear and uninterrupted view of the ball throughout the entire pitch process allows the hitter to realistically time their stride.
- E) **Throws Changeups:** change from fastball to changeup at the touch of a button using the remote control on key chain or manual button located on control panel.
- F) **Large 3" LCD Readout Display**
- G) **Digital Speed Adjustment:** 40-90 mph.
- H) **Select-A-Pitch™ Dial:** The BP®3 throws the following nine pitches at the turn of a dial.
 - Fastballs and Changeups
 - Right- and Left-handed Curveballs and Sliders
 - Right- and Left-handed Cutters
 - Split-finger Fastballs
- I) **Fastball/Changeup Hitting Circuit:** 3 preset hitting circuits allows the machine to automatically change between fastball and changeup giving your hitters a "real" pitcher vs. hitter experience.
- J) **Micro-Adjustment:** Pinpoint™ control at your fingertips—the most advanced and easy to use pitch targeting system ever developed for a pitching machine (patent pending.)
- K) **Vertical and Horizontal Macro Adjustment Levers:** Throwing deep 325' fly balls or towering pop-ups has never been easier. 360 degree rotation allows you to easily practice using the entire field.
- L) **Quick-Snap® leg attachment**—No T-handle or leg clamp necessary.
- M) **Easy to move and set up**—Simply lock machine in the "pop-up" position, lower to the ground and wheel your machine like a wheel barrow.

Low Cost, High Quality Batting Cage Netting for Baseball and Softball

In the last four decades we have sold over 136,000 Batting Cage Nets—making us easily the #1-selling batting cage net company in the world.

What grade of batting cage net best fits your needs?

#27 Polyethylene

- Backyards

#42 Polyethylene

- Backyards
- Youth Leagues

#60 Polyethylene

- Backyards
- Youth Leagues
- High Schools
- Colleges

#96 POLYESTER

- High Schools
- Hitting Facilities
- College
- Professionals

Custom Netting: All applications, all sizes, all the time.

JUGS Sports not only offers custom netting for baseball and softball, but for many other applications as well. Any dimension, all mesh and fiber sizes, and all strengths are available to fit your specific needs.

JUGS® now features both Polyethylene and Commercial Grade **POLYESTER** batting cage netting.

Twisted Knotted Black Polyethylene #27, #42 and #60 Batting Cage Netting Features and Benefits:

- Twisted Knotted Black Polyethylene Nets are hung on the square and are designed specifically for baseball and softball use.
- All JUGS nets come with a JUGS Hitter's Door for easy in-and-out access.
- Knotted nets have a higher overall strength and durability rating making them superior for direct impact sports like baseball and softball.
- Twisted netting has a higher abrasion resistance than braided, because twisted has less surface area than braided. This allows the balls to slide and spin off of the surface.
- Polyethylene netting doesn't absorb water—perfect for wet or humid hot climates—This is the best protection to prevent rotting.
- All JUGS nets are black and offer the best protection from the affects of sunlight—the darker the color, the greater the UV deflection.
- We incorporate the industries highest UV protection.
- JUGS netting is hydraulically depth stretched to improve knot tightness and reduce stretching and shrinking over time.
- Baseball and Softball size mesh—1¾".
- Heavy-Duty Polypropylene Black Rope Borders on top, bottom, and vertical corners. Rib-Line Ropes down the center for extra suspension points with less sagging.
- **1-Year Guarantee on #42 and #60.**

Commercial-Grade Twisted Knotted Black POLYESTER #96 Batting Cage Netting—The Netting the Pros Use.

Features and Benefits:

OUR TOP OF THE LINE NETTING

- **POLYESTER** available in one strength: **#96**
- Same great features and benefits as Polyethylene.
- Strongest: The highest breaking strength and most abrasion resistant netting you can buy.
- Won't mildew.
- Higher UV resistance.
- **2-Year Guarantee**

For complete installation instructions for Batting Cage Nets and Frames, call us or visit our website.

We pride ourselves in giving you the best selection and the highest quality batting cages at the lowest prices possible.

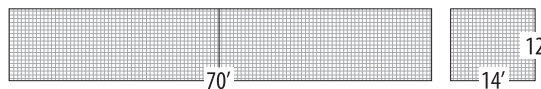

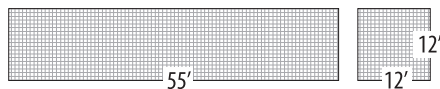

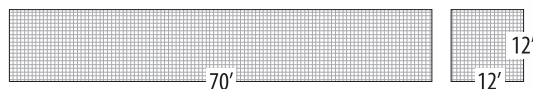

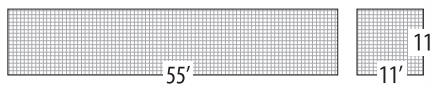

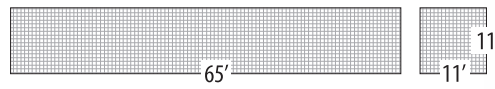

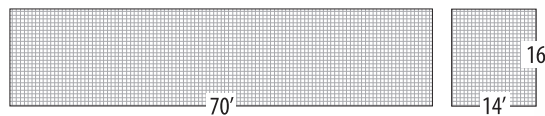

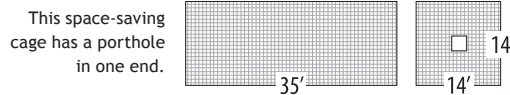

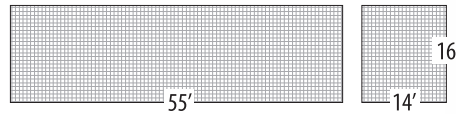

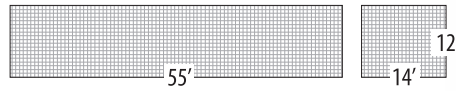

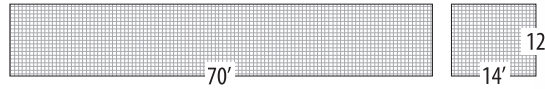

All JUGS nets come with a JUGS Hitter's Door for easy in-and-out access.

FREE Backdrop and Pitcher's Trainer with the purchase of any JUGS Batting Cage Net. A \$150 Value.

Every piece of pipe in a JUGS Batting Cage Frame is made of industrial-gauge galvanized steel, to give you years of trouble-free use.

- Frame sets are available for all standard-size JUGS Nets. Special-order custom-size frames are also available.
- Each frame set comes complete with uprights, crossbars, cable hooks and ground sleeves.
- Complete instructions are included so you can set up your frame quickly and easily.

All JUGS Batting Cage Frames come with a 5-Year Guarantee.

Net Installation Kits

Indoor Installation Kit:

N8000 for all JUGS nets \$120 EA

Optional Outdoor Installation Kit:

N8010 \$120 EA

The Optional Outdoor Installation Kit gives you the option of sliding your batting cage net to the end of your frame after use.

- For #42 Nets #1, #2, #3, #7, #8, #9 and #10 and #27 Nets #1, #2, #7 and #10.

Ceiling Installation Kit:

N8005 \$400 EA

This kit includes everything you need to hang your JUGS Net so it will slide, upper wall to upper wall, on cables. It enables you to slide your net and cables easily and safely out of the way after practice.

Ceiling Installation Kits include the following: (3) 100' horizontal heavy-duty aircraft cable lengths, (35) metal snap rings, (6) turnbuckles, (30) 30' vertical cable lengths, (35) plastic snap hooks, (6) steel pulleys, (66) cable clamps and (6) eye bolts.

Free-Standing Batting Cages

Perfect for backyards, or small hitting areas.

45'L x 11'W x 11'H

Hit at Home® Backyard Batting Cage

- Compact yet spacious size allows batting practice to be thrown comfortably. Also, great for short toss, soft toss, or tee drills.
- #27 Twisted Knotted Black Polyethylene Netting. Perfect for Backyard use.
- Powder coated grey steel tubing holds up very well to strong sun or rain, looks great for years.
- Vision enhanced coated guy-wires and doubled staked at corners for added safety and durability
- Quickly dismantles—simply unhook turnbuckles to lower entire cage to the ground.

No permanent construction required. Two person setup in less than 1 hour.

A5030

\$900

Youth League Pearl® Baseballs	B5220	\$60	DOZ
Bucket Youth League Pearl® Baseballs, (48 balls)	B5215	\$240	EA

SMALL-BALL®

Focus small, hit big!

- 5-in./0.5-oz., polyurethane-foam ball.
- Designed specifically to be used in the JUGS Small-Ball® Machine.
- Develop hand-eye coordination and a quick bat.
- Teach the hitter to track the ball from release point to impact zone.
- Increase the hitter's mental concentration by hitting a small ball.
- Teach the fundamentals of hitting while removing the fear factor.

WARNING
CHOKING HAZARD: THIS PRODUCT CONTAINS SMALL BALLS. NOT INTENDED FOR CHILDREN UNDER 3 YEARS.

Lite-Flite®

FIRMER FORMULA for maximum consistency out of your machine

- Designed specifically to be used in the JUGS Lite-Flite® Machine.
- Players see a realistic throw or pitch but do not get stung by the ball if it bounces off their arms or body. This makes the JUGS Lite-Flite® ideal for offensive or defensive drills.
- Safe for indoor hitting without a batting cage.
