

# NOKONA<sup>®</sup>

AMERICAN BALLGLOVES

**2022**

## AMERICA'S PASTIME. AMERICAN MADE.™

Since 1934, in a small town called Nocona, Texas, premium ball gloves have been handcrafted by skilled American workers, using the world's highest quality leathers. Many of these people have dedicated their lives to producing the finest baseball and softball gloves, so that each and every glove can be used with confidence and pride. Nokona gloves are individually cut, stamped, stitched, laced, and embroidered, which gives each one its own unique identity and feel. Today, Nokona is focused on the future, with many of the same principles that have guided our past – quality, craftsmanship, innovation, integrity, and a commitment to our employees, suppliers, customers, and our country. We continue to put classic American workmanship into every glove, using techniques that have developed for over 85 years.

# LEATHER GUIDE

## FULL GRAIN STEERHIDE

Premium-grade, full-grain Steerhides, sourced from American ranchers, tanned to our long-standing specifications, and offered in Walnut™ [our signature Steerhide, known for its classic “Crunch” look and feel]; Buckskin Stampede™ [infused with proprietary oils and waxes for a soft and pliable, yet dense feel]; and Generation™ [our pro-grade Steerhide, with a vintage, golden finish].

## AMERICAN BISON

Similar in strength to our Steerhide leathers, American Bison has a distinct grain, and is flexible and soft, for easy break-in. Ideal for Select gloves, and for Adults who are looking for a durable, flexible, and easy-to-break-in glove. American Bison is also a light-weight performance leather.

## AUSTRALIAN KANGAROO

Sourced from wild-range Australian kangaroos, Nokona has been making gloves with this unique leather for over 50 years. Kangaroo is a high-performance and specialized leather that is stronger and lighter-weight than any other ballglove leathers at the same thickness. Kangaroo fibers interlock for greater strength, this leather is soft and flexible, and resists the effects of perspiration. When combining Kangaroo Leather with our Steerhides, we call it Buckaroo™.

## JAPANESE CALFSKIN™

Our CalfSKN™ leather comes from specialty-tanned Japanese Calfskin that has very tight fibers and fine pores. This leather holds vibrant colors very well, and results in a very smooth appearance that is extremely light-weight. Ideal for professional, college, high-school, and club players looking for high performance gloves.

## AMERICAN CAIMAN

American Caiman provides a unique look and feel, and is ideal for parts of your Custom Nokona. The rigid reptilian scales, combined with its flexible portions, provide an exceptional leather for the palm liner of your ballglove, for its superior grip and customized feel.

## FULL GRAIN AMERICANKIP™

AmericanKIP™ is the finest American steerhide, with similar characteristics to Japanese and European ‘kip’ leather, in that it is both light-weight and nicely structured. This high-performing leather is durable, has a buttery feel, and is a top choice among our pro players.

## NOKONA SUPERSOFT™

SuperSoft™ is Nokona’s newest, specialty-tanned Steerhide. This veg-tan leather is made with an organic tanning method that uses natural materials to cure and preserve the hide. SuperSoft™ has great flexibility and softness.

# X2 ELITE™

WARRANTY  
GUARANTEE

Nokona's elite performance, ready-for-play, position-specific series. The X2 Elite™ is made with Nokona's proprietary top-grain **Stampede™ Steerhide** and **Kangaroo leathers**, for a light-weight and game-ready glove. The perfect combination of top quality and high performance.

# ALPHA™

WARRANTY  
GUARANTEE

**UPDATED.** The Alpha™ series is created with virtually no break-in needed, and has now been upgraded with **AmericankIP™** and **SuperSoft™** leathers for the ultimate combination of game-readiness and durability. This mix of leathers provides a lighter-weight glove that is even more game-ready and has a softer feel, while the palm leather makes the Alpha™ very durable. A position-specific, light-weight, durable, high-performing baseball and softball series for all ages.

NOKONA x HARI MARI FLIP FLOPS

SIZE 8-13

- Constructed with Nokona’s premium, top-grain American ball glove leather
- Memory Foam Toe Post™, gently grips toes & eliminates break-in
- Jersey-lined stitch & turn straps to keep feet cool and comfy
- Memory foam-filled straps for softer than soft comfort
- Firm arch for added foot support & all-day wear
- Soft-squeeze midsole for fleet-of-foot comfort
- Non-marking, boat safe outsole made with carbon-free rubber

NOKONA GLOVE CONDITIONER

NOKONA LEATHER TREATMENT  
Classic Glove Conditioner is ideal for breaking in, cleaning, and preserving glove leather. Used for over 50 years, we swear by it. Unlike liquefied oils, NLT Classic won’t soak into the padding. Just as you would treat your skin when dry, retreat your glove as needed.

NOKONA LEATHER LACES

LEATHER LACES LL-36  
Available in bags of 25 (3/16”) or sold individually.

LEATHER LACES LL-14  
Available in bags of 25 (1/4”) or sold individually.
