ABOUT US

Pearsox is a USA manufacturing company that has been in business since 1992. Our line of stock socks are some of the highest quality products in the market, and priced right! All custom socks, hats, and scarves are proudly made in the USA. With our goal to provide the best custom athletic socks on the market, we take pride in our quick turnaround times and low minimums.

All of our socks contain moisture management yarns, such as acrylic, nylon, polypropylene, and elastic. Each sock is constructed with an ergonomic design, breathable mesh instep, arch support, and reinforced heel and toe to keep feet dry and comfortable.

In 1992, Pearsox was one of the first companies offering custom socks; 30 years later, Pearsox still leads the custom socks market with the quickest turnaround times. Pearsox is where creativity meets the sock, and we will continue to innovate as we have recently reinvested in machinery which will increase our design capabilities, logos, details, colors, quality, and production time.

CUSTOM SOCKS/ PROCESSING

HOW TO PROCESS

We at Pearsox are proud to have taken socks to the next level of comfort, customization and design. Our mission to create high quality performance products blended with intricate designs pushes the boundaries of custom socks. We are fortunate to have some of the most capable artists and technicians in the country. Their talent and experience combined with our unique group of machines has allowed us to do something that is unparalleled in the market.

What separates us from the competition?

NEEDLE COUNT:

The higher the needle count, the higher the resolution. We at Pearsox run some of the highest needle counts in the athletic industry.

NUMBER OF COLORS:

Our unique bank of machines allows us to run up to 6 colors in a logo depending on the type of sock.

BETTER COVERAGE:

Our machines have dedicated feeds that allow for better coverage in the logo area.

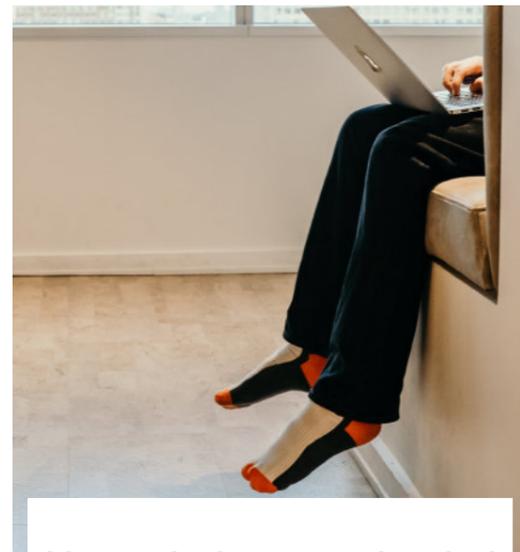

PEOPLE

Pearsox has the most experienced and talented staff in the country and our people make all the difference. Just give us a call!

PERFORMANCE YARNS:

Our performance line incorporates polypropylene and nylon yarns that offer moisture management, blister control, and Anti-Microbial characteristics. These yarns also provide superior durability.

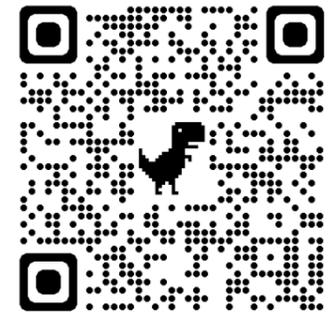

It's not whether you get knocked down; it's whether you get up

-Tim Notke

CUSTOM SOCKS/ HOW TO ORDER

HOW TO ORDER ONLINE

- Step 1** Choose the initial style you'd like to use from our web builder.
- Step 2** Choose one of our preset patterns as a base for your design.
- Step 3** Use the color sector to choose your desired base, primary and secondary colors from our available color catalog.
- Step 4** If you'd like to add a logo, choose the location for your logo and upload the desired logo in JPG or PNG format. *Please note, some logo options will not appear on the proof.*
- Step 5** If ordering socks, please choose your desired sizes. Choose desired quantity for your custom product.
- Step 6** Click on the **Place Order** button, and the order will be added to your cart.
- Step 7** Proceed to checkout and your order will be sent over to us. Any non-logo or text orders will be sent straight to production. For full custom items, a graphic artist will contact you via email with an approval proof - this will need to be approved before production begins.

Click here or scan QR code to start building!

MINIMUMS:

12 pair per style, color and/or logo (12 pair per size).

TURNAROUND:

10 day turn time!

SETUP:

\$10 Setup Fee for first logo waived for orders of 60 pairs and over. No Charges will apply for any additional logos.

Need custom size or custom color without a logo?

In addition to our custom logo styles, Pearsox offers the option to order a number of our stock products in custom sizing and colors.

DESIGN PROCESSING

Free Design

\$10 art fee waived for all orders of 60+ pairs

Introducing Our New Pearsox Solution

We're Stepping Up Our Game, So You Can Elevate Yours!

The new Pearsox solution adds a new level of quality and sanitation to our products, making them more comfortable, more durable and healthier to wear on your feet! Once completed production, our Sox are put through a steam-injected tumbling process with the new solution, which provides the following benefits:

Moisture Management

Anti-Microbial
(prevents growth of bacteria)

Anti-Blister
(decreases friction on the skin)

Softer Feel

Pre-shrinks sox for pre-boarding,
sizing and achieving optimal fit
