

ABOUT US

Pearsox is a USA manufacturing company that has been in business since 1992. Our line of stock socks are some of the highest quality products in the market, and priced right! All custom socks, hats, and scarves are proudly made in the USA. With our goal to provide the best custom athletic socks on the market, we take pride in our quick turnaround times and low minimums.

All of our socks contain moisture management yarns, such as acrylic, nylon, polypropylene, and elastic. Each sock is constructed with an ergonomic design, breathable mesh instep, arch support, and reinforced heel and toe to keep feet dry and comfortable.

In 1992, Pearsox was one of the first companies offering custom socks; 29 years later, Pearsox still leads the custom socks market with the quickest turnaround times. Pearsox is where creativity meets the sock, and we will continue to innovate as we have recently reinvested in machinery which will increase our design capabilities, logos, details, colors, quality, and production time.

CUSTOM SOCKS/ PROCESSING

HOW TO PROCESS

We at Pearsox are proud to have taken socks to the next level of comfort, customization and design. Our mission to create high quality performance products blended with intricate designs pushes the boundaries of custom socks. We are fortunate to have some of the most capable artists and technicians in the country. Their talent and experience combined with our unique group of machines has allowed us to do something that is unparalleled in the market.

What separates us from the competition?

NEEDLE COUNT:

The higher the needle count, the higher the resolution. We at Pearsox run some of the highest needle counts in the athletic industry.

NUMBER OF COLORS:

Our unique bank of machines allows us to run up to 6 colors in a logo depending on the type of sock.

BETTER COVERAGE:

Our machines have dedicated feeds that allow for better coverage in the logo area.

PEOPLE

Pearsox has the most experienced and talented staff in the country and our people make all the difference. Just give us a call!

PERFORMANCE YARNS:

Our performance line incorporates polypropylene and nylon yarns that offer moisture management, blister control, and Anti-Microbial characteristics. These yarns also provide superior durability.

It's not whether you get knocked down; it's whether you get up

-Tim Notke
