About Us

We have designed a program to help you serve your customers in the ever growing Pickleball industry. Our Wholesale Program saves you time and money and allows you to focus on the success of your business.

Working with Pickleball Wholesale gives you:

- Two In-House Brands
- One-stop shopping for all your pickleball needs
- The world's largest selection of pickleball equipment
- Best-in-class customer service
- Fast fulfillment and shipping
- A knowledgeable resource about all things pickleball

Purchasing through the Pickleball Wholesale program simplifies life for our resellers. Not only do we have two complete lines of pickleball equipment (Pickleball Inc and Pickleball Central), we also source from the leading manufacturers. You no longer need to contact multiple dealers, fill out multiple credit application, and order small amounts from many manufacturers. We can save you the headaches, save you money on shipping and simplify your order process.

No other manufacturer or wholesaler approaches the number of pickleball related products we carry. We are ahead of the curve and have researched and developed pickleball specific products where none existed, the pickleball ball port, court tape manufactured specifically for pickleball courts, nets and more. You will be comfortable in knowing that if your customer wants a product, we probably carry it.

Our Warranty for House-Brand Products

Our products are protected against manufacturer defects, material and workmanship for up to one year from date of purchase. Please contact us as soon as possible if an issue arises. To qualify for our warranty, products should not be altered or modified from original form, and proof of purchase must be provided at time of inquiry.

Composite Paddles

These paddles have come to represent some of the most sought-after pickleball paddles available today. Featuring an incredible combination of touch, feel, and strength. They typically feature polymer honeycomb cores with fiberglass faces.

Champion PolyPro

The Champion PolyPro Paddle has everything you need to play pickleball under any conditions. This durable paddle has balanced measurements and a medium weight that will allow you to direct the game while adapting to changing circumstances during play. The vibration-reducing polymer core allows you to return speedy shots and redirect pickleballs with ease, while the large sweet spot produces a highly reactive response.

The Champion PolyPro Paddle has a medium-sized grip with a 5" long handle, which will provide enough space to maintain a firm grip without throwing off its balance. The weight ranges from 7.5 – 7.9 oz, offering quick reaction times with just enough heft to give your shots extra power. A 7-3/4" wide face is made from reinforced fiberglass that will hold up to extended play despite its gentle feel.

Pickleball Court Tape

Line your tennis court, sports court or driveway for Pickleball without the added expense and hassle of painting permanent lines. As the tape can sometimes leave a residue, we recommend testing a small section prior to laying down a full court.

Court Line Tape-200 Feet (Indoor Use)

This tape is 2 inches wide and contains 200 feet of tape, enough to mark a full pickleball court. The color is a bright orange to make it clear whether the ball is in or out. This low residue tape is the only tape that is recommended for indoor use.

MSRP: \$13.99
MAP: \$13.99
Dealer Price : \$10.54
Product Code: BT01

Heavy Duty Court Tape (Outdoor Use)

Set up your pickleball court lines with this Heavy Duty Court Tape, water resistant and tear resistant. Tape is 2 inches wide with 204 feet on each roll. The bright orange color makes lines clearly visible.

Colors: Red, White, Yellow

Pickleballs are manufactured in one of two ways: injection molded seamless or 2 piece construction.

Outdoor Pickleballs

Injection molded seamless balls are made by injecting a single glob of hot plastic into a mold. The mold is closed and rotated to spread the plastic evenly around the walls of the mold. When the mold has stopped spinning it is opened and the new ball is removed from the mold. Dura, Top and Franklin X balls are all seamless balls.

Dura Outdoor Pickleball

The hard plasticity and responsiveness of this seamless ball makes it a favorite.
