

PROFEET

WILSON BROWN

SOCK COMPANY

The year 2021 marks Wilson Brown Sock Company’s 42nd year in business. In many ways it feels like we are just beginning. 2020 was a re-start for all of us and our company was no exception.

The pandemic forced us to reevaluate our business to ensure we help our customers grow their businesses by offering the highest quality products, at competitive prices, with the best customer service.

We have updated our custom logo program and our team athletic pricing structure. This is our effort to simplify offerings and make pricing more understandable. We believe these changes accomplish this.

A few things have changed as we move into 2021 but many things have not. We remain a family-owned company, committed to a resurgence in American Textile Manufacturing. We continue to do our part in bringing product manufacturing and jobs back the U.S.A. We don’t do this because it’s better for the bottom line or because “Made in the USA” sells better. We do it because we value our people, our customers, and our communities.

Whether on the field or on the beat, in a work boot or in a loafer, on the course or in the gym, Wilson Brown makes the socks people love to wear.

PROMAX

PROMAX CUSTOM Knit Socks offer premium benefits and features found in elite athletic apparel.

- Endurall® reduces the friction that causes blisters and provides superior durability.
- Sta-Cool® offers a fresher, softer and noticeably cooler feel. It transports moisture away from the body for quicker drying and comfortable feet.
- Arch Support helps to keep the sock in its place during vigorous activity.
- Ankle Support Zone is mild targeted compression that circles the entire ankle and achilles to provide stability during long activity.
- Ventilation Channels through the top of the foot allow air to bypass the fabric and help the skin stay dry and comfortable.
- Cushioned Sole lessens the impact in strike point areas of the foot.

PERFORMANCE

PERFORMANCE CUSTOM Knit Socks offer exceptional benefits to comparable products in the market.

- Polypropylene is a performance fiber that quickly moves moisture away from the skin allowing it to dry rapidly.
- Arch Support helps to keep the sock in its place during vigorous activity.
- Ventilation Channels through the top of the foot allow air to bypass the fabric and help the skin stay dry and comfortable.
- Cushioned Sole lessens the impact in strike point areas of the foot.

ACTIVE

ACTIVE CUSTOM Knit Socks offer remarkable value to the world of custom products.

- Acrylic is lightweight, soft & quick drying.
- Ventilation Channels through the top of the foot allow air to bypass the fabric and help the skin stay dry and comfortable.
- Cushioned Sole lessens the impact in strike point areas of the foot.

PRO FEET STRIVES TO KNIT THE BEST CUSTOM SOCKS. WE WORK TIRELESSLY TO IMPROVE OUR CUSTOM OPTIONS, AVAILABILITY & SERVICE TO MEET THE NEEDS OF OUR CUSTOMERS. IN AN EFFORT TO MAKE ORDERING CUSTOM SOCKS EASIER, WE HAVE SIMPLIFIED THE CUSTOM ORDERING PROCESS.
