Model 8320: 3 Tones (including Pealess Whistle) – Grey with Black trim

Model 8320-BK: 3 Tones (including Pealess Whistle) – Referee Black

- Each set of AAA Batteries produces more than 1000 blasts.
- Loud 105-dB Whistle sound can be aimed in the exact direction intended, and away from user.

Advantages of Electronic Whistles

- Loud, Consistent Sound Every Time, even if user is short of breath or injured.
- Personal Safety & Signaling Device – for Hikers, Hunters, Campers, Senior Citizens, Joggers, and anyone who could benefit from carrying a whistle.
- Referees and Coaches – Easier to give verbal commands without a Whistle in user's mouth, yet with Whistle sound always "at the ready" to stop play or practice.
- Improved Hygiene – Hand operated instead of mouth blown is sanitary, even for multi users.

8320-BK

NEW! The Three Tone Windsor Electronic Whistle is now available in referee black. The Three Tones are the same as the 8320 gray with black trim.

Fuziun CMG Whistle

with Matching Color Breakaway Logo Lanyard

In celebration of the 30th Anniversary of Fox 40, we proudly introduce the Fuziun CMG whistle! The Fuziun merges two of Fox 40's most popular whistles together, the distinct high pitch of the original Fox 40 Classic with the piercing blast of the Fox 40 Sonik Blast CMG. This dynamic whistle produces the optimal whistle sound power! The Fuziun's 3 chamber design is flawless, consistent and reliable. With two ultra-high frequency chambers to cut through crowd noise, the 3rd lower chamber commands attention. The Fuziun's distinctive shape and sound sets it apart from other whistles. An integrated cushioned mouth grip provides user comfort and durability. The Fuziun produces a whopping sound power of 118 decibels!

ACME Thunderer

Acme Thunderer Whistles are officially approved by over 200 sports bodies and referees' associations worldwide. Made in England, Tide-Rider has been importing these famous whistles since the 1950's.

The smaller the size, the shriller the tone. The larger sizes provide the deeper and more resonant tones.

- 60 1/2 Smallest, Shrillest Thunderer
- 60 1/2MB NEW! Matte Black Finish
- F60 1/2 Fingergrip 60 1/2
- 60 1/2PB Polished Brass "gold" tone for engraving and as a uniform accessory.
- 58 1/2 Large size, with deepest tone
- F58 1/2 Fingergrip 58 1/2 with Gator Grip, popular with NHL referees.
- F58 1/2MB NEW! Matte Black Fingergrip 58 1/2 with Gator Grip.

ACME Thunderer Plastic

The Acme No. 660 is the plastic version of the famous 60 1/2, and is available in Red as well as the standard Black. No. F660 with fingergrip.

The progressively larger Acme Thunderer plastic range, Nos. 560, 559, and 558. The larger the size, the deeper and more resonant the tone.

ACME Tornado

- T2000 The most powerful peaseless Tornado Whistle. 3 Wind Chambers create ultra shrill tone. Model FT2000 w/fingergrip.
- 888 Cyclone - 2 wind chambers create a powerful, shrill tone, even when blown more gently.
- 622 A medium size plastic whistle with a square mouthpiece and a higher pitch than the 660, but with a softer trill than other peaseless whistles. Model F622 w/fingergrip.
- 635 The original Tornado. Has a unique "L" shaped tubular design, with a shrill sound in between the 622 and the 623. Also known as "The Brazil".

ACME Dog Training & Specialty

- 670 Small camouflage plastic, shrill sound.
 210 1/2 Pealess, very high pitch.
 211 1/2 Similar to 210 1/2. Standard high pitch.
 212 Pro Trialer - Maintains a constant frequency. Ensures dogs recognize "their" whistle. Pealess, lower pitch.
 535 The ultimate dog whistle! The Acme "Silent" Dog Whistle is nickel plated brass, adjustable in pitch. It's highest range, practically inaudible to the human ear. Individually blister carded, complete with cover, chain, and detailed training instructions.

- 15 The "Metropolitan". Modern-day version of the original Scotland Yard police whistle. Individually boxed, with short history of its use.
 60 1/2GP Special edition Acme Thunderer 60 1/2. Gold plated, in presentation case.
