TCK[®]

SOCKS SINCE 1961

Born in the foothills of North Carolina, Twin City Knitting (TCK) began knitting socks in 1961. Originally producing socks for the team athletic market, TCK quickly became the industry leader and still today is the largest domestic manufacturer in the team industry.

Using our years of expertise, we began branching into other markets in the early 2010s. We are now a leading producer of collegiate logoed socks.

Most recently we have also expanded into the golf market offering club/resort branded product.

Over the last decade, we have partnered with several well-known outdoor brands. This has allowed us to perfect our outdoor line. We are excited to introduce you to *TCK RESORT*, offering you the unique ability to combine your resort logo with our premium outdoor product.
