PRO-FUSION® PRICING

- More creativity is allowed in the design process and includes the use of patterns such as camo, watermarks and vintage flannel
- Additional uniform styles are available
- Decoration in six jersey locations is included in the base price

SUBLIMATED TWILL

The PRO•FUSION™ process allows you to create the look of twill lettering on a Custom Elite or Stock Jersey. A single layer of twill is sublimated with up to 3 colors\* and sewn on the jersey instead of layering multiple pieces of fabric to create tackle twill. The result is a lighter weight jersey with a custom look.

LEGALITY OF UNIFORMS

Due to varying and conflicting rules among state associations, individual conferences and districts, Wilson Sporting Goods Co. will not accept responsibility for the legality of uniforms, their designs or decoration.

Utmost care is used in selection of dyes to obtain the highest possible degree of color fastness. We believe our dyes to be second to none in the industry. There is no known process which can positively regulate the final results when Nylon, Orlon, Rayon, Worsted, Polyester or Cotton yarns or cloth are dyed. Every effort is made to match colors. However, it is not possible to guarantee every color. Therefore, all orders are taken with the understanding that we cannot be held responsible for fading. To safeguard against error and delay, please order by exact color (Navy Blue, Royal Blue, etc.)

Special Note: 100% polyester or polyester blend fabrics in dark shades contain dyes that may tint light colors of heat transfer ink. Wilson Sporting Goods Co. will not assume responsibility for this. Colors are shown for general reference only. Printed or digital representation of colors should not be used for matching shades.
