

"Custom Quality. Premium Service"

PROUDLY MANUFACTURED IN THE U.S.A. 

The history of Z2 Bags started with a humble beginning in the garage of Jim and Sharon Laurin. In 1982, Laurin International began as a custom boat cover manufacturer and over several years, evolved into one of the premier manufacturers of custom sports bags in the country. In 2010, Laurin was acquired by Z2 Enterprises and in 2019, there was an ownership change. While the names have changed, Z2 continues to operate under the Laurin guiding principles of high quality and excellent customer service.

All of our products are manufactured in the USA. Because we do not import bags, we are able to maintain a high level of quality and keep our production times short. As a result, we ship our high quality Z2 Bags all over the country much sooner than many “custom” sporting goods manufacturers.

We are blessed to have a great team of hard-working people with years of experience that take pride in producing high quality bags. We enjoy working with every customer and do not take anything for granted. Whether you choose to customize a bag or purchase a stock bag, you can take satisfaction in knowing that all our bags are produced in the USA.

For those of you that have remained loyal customers over the years, thank you for your continued support of our products and we look forward to working with you again. For those of you that are new to Z2 Bags, thank you in advance for the opportunity.

On behalf of everyone at Z2 Bags, we wish you the best and thanks for the business.
