A full-page photograph of a hunter in camouflage gear and a cap, sitting on a rocky ridge. In the foreground, several dead, bleached tree trunks stand vertically. The background features a deep valley filled with dense evergreen forests, surrounded by rugged mountains under a cloudy sky. The word "HUNTING" is overlaid in large white letters, with a horizontal line extending from its base across the middle of the image.

# 656/657 PURSUIT PRO, LARGE

PRODUCT CATEGORY:  
**HUNTING**

**NEW**

Designed for excellent performance, the Pursuit Pro hunting knives combine a highly visible, sure grip handle with Buck's high end S35VN steel. Available in two sizes and also with a guthook option, the fixed blade Pursuits cover field needs from the beginner to serious hunter. Buck's S35VN steel provides the same edge retention as S30V steel but its properties allow it to resharpen easier, making it a great choice for skinning multiple animals with the option of field sharpening when necessary. The full tang design and comfortable, contoured handle provide a durable knife that reduces hand fatigue while working. Made in the USA and backed by Buck's famous Forever Warranty, the Pursuit Pro is an affordable, high end skinning knife packed easily in a heavy duty nylon sheath.

### FEATURES

- Blade steel of S35VN
- Rugged, full tang construction
- Drop point blade with or without guthook, ideal for skinning
- Contoured ergonomic, Versaflex rubber handle

# 119 SPECIAL PRO

PRODUCT CATEGORY:  
**HUNTING**

NEW

Hoyt Buck's first knife, made from a worn-out file blade in 1902, was a fixed blade, and for many years, all Buck knives were fixed blades. Now, over 100 years later, Buck Knives continues to offer a comprehensive line of fixed-blade knives, ideal for field and general tasks. For the outdoorsmen who prefer the absolute solid feel of a fixed blade, Buck's best-selling model 119 Special sets the standard by which the others are measured. Based off this timeless design, Buck now has a 119 Special Pro featuring S35VN stainless steel and green canvas Micarta handles. This combination of materials offers the best grip with Buck's premium steel to ensure maximum field performance.

### FEATURES
