## PERSISTENCE & PERSEVERANCE...

Welcome to a new year! We have great expectations for 2021 and can't wait to partner with you in our endeavors. As we firmly close the door on 2020, we want to take a moment to share with you what the future holds for Cap America.

We are excited to continue to add new additions to our CA Premium Line. New colors, new fabrics, and new Flexfit® styling are proudly displayed within these pages. We have added a new camo pattern to our stock line as well: MultiCam®, a high tech camo that is both functional and stylish. We have once again expanded color options in many of our top performers. And we have an entire new category of products – face masks – to offer you.

What started as an effort to help our customers secure orders during the COVID-19 crisis has now become our new reality. We have always offered low minimums in our custom overseas programs, but now we have cemented into place our low MOQ of only 72 pieces for our 30 Day Door 2 Door program. This is our top selling custom cap program, now with even more fabric and decoration options available to you in just thirty days after sample approval. We have also lowered minimums in our 21 Day Vietnam Program, one of our quick-turn solutions for custom caps.

You might notice a few changes within our catalog this year, namely, our "USA Made" icon. We have made a tremendous effort to improve our corporate social responsibility. From increasing our product safety testing, to adding and revising labels on all of our products, we are doing everything we can to make sure you, our customers, are as informed about our products as ever. In an effort to be extremely transparent, we have added "of imported yarn" to our USA Made icon. No worries, though – we're still using the same soft, comfortable yarn that we have for years, and our knits are still designed and produced right here in Fredericktown, Missouri.

I'm extremely proud of the team here at Cap America; it is their persistence and perseverance in the face of tumultuous times that has allowed us to continue to offer the traditional services that our customers have grown accustomed to – free virtuals, free spec samples, low minimums, and quick turn-times. We are dedicated to helping you succeed and will do what it takes to make that happen. We are excited for the year ahead and appreciative of your continued support as we move in to 2021 together.

Mark Gammon  
President & COO

All the best,

*Mark D. Gammon*

# DEFINING HEADWEAR

## Basic terminology used for our cap styles

**PROFILE** Refers to the crown height of the cap above the visor. There are generally 3 types of cap profiles:

- Low Profile
- Medium/Mid Profile
- High Profile

**STRUCTURE** A baseball cap can have buckram or stiff fabric behind the front two panels of the crown giving it structure & therefore it is called a **structured hat**. An **unstructured cap** has no additional support behind those front two panels. If you take a cap off your head & set it down on a flat surface, a structured hat will continue to look the same & generally keep its shape. An unstructured cap will collapse slightly without your head in the hat supporting it.

**CLOSURE** Adjustable baseball caps have closures on the back of the caps that allow you to adjust the size. Types of closures include:

- Adjustable plastic snap tab, sometimes referred to as a snap back
- Fabric strap with two piece hook & loop closure
- Stretchable hook & loop closure
- Fabric strap with antique brass sliding buckle

**FLEXFIT®** An icon in its own right, Flexfit the One & Only Original® cap has elevated the urban, lifestyle, & sports market with its revolutionary all-around stretch-fit technology & polished style. Available sizes are generally XS, S/M, and L/XL.

**PRODUCTION**

Standard delivery for in stock orders with embroidery is 3 working days after sample approval. Rush orders are accepted only if the production schedule allows.

**PRE-PRODUCTION PROOFS ON IN STOCK HEADWEAR**

Applicable set up charges such as disc or screen charges will be invoiced when pre-production proof is approved. Proofs for orders will be virtual unless a shipping number is provided.

**OVER-RUNS/UNDER-RUNS**

Every effort is made to ship exact quantities; however, a 5% over or under variance will be considered complete & billable. A \$40.00(A) charge applies to orders requesting an exact quantity & purchase order must indicate as such.

**FABRIC COLOR VARIATIONS**

Due to color variations of dye lots, exact color matches of material are not guaranteed. In camouflage patterns, variations may occur in the placement of certain areas of the pattern due to random cutting. Certain distressed materials will have shading variations.

**IMPRINT COLORS**

Color matches are not guaranteed to be exact, whether PMS colors or color swatches. All materials print differently; therefore, there may be a variation of print colors on orders of different materials or colors. When decorating on camouflage, no guarantees can be made that the pattern will not interfere with decoration (i.e. a branch, leaf or bark may fall behind decoration). Cap America is not responsible for fabric bleeding which may occur when imprinting a light color on a dark fabric. It is not recommended to place a white imprint on a red or black cap because the imprint may have a pink or gray hue. Distressed materials in all colors have a tendency to bleed into light colored embroidery threads & prints.

**ARTWORK**

All imprints, logos or trademarks displayed in this catalog are for illustration purposes only. These items are not available for sale unless the owner of that product issues specific permission. Color photographs in this catalog are approximate & may or may not be a true color representation of the actual product. To see actual fabric color, please order a sample.

Submit vector art with clear, concise instructions. Art that is not vector art may require additional charges & delay production. Artwork charges are \$70.00(A) per hour. Exact duplication of logos & type styles cannot be guaranteed unless vector art to size specifications is submitted. Unless otherwise requested, Cap America will size art to best fit the decoration area. Artwork submitted via e-mail must meet the following specifications: files should be in vector format, preferably Adobe Illustrator (AI), if any images are used, they should be no less than 300 dpi & placed in an Encapsulated Postscript (EPS) file & be included in e-mail, convert all fonts to paths. JPEG, TIF, PDF, BMP & CDR files can be used, preferably in hi-resolution (300 dpi), but vector art is preferred. Send artwork (as attachments) to [capart@capamerica.com](mailto:capart@capamerica.com).

**CUSTOMER SUPPLIED EMBROIDERY DISCS**

Cap America can accept customer supplied discs in most formats including Tajima, Melco, Barudan, Wilcom, Pulse & DOS. If disc must be edited for any reason, charges will apply. Pre-production proof of customer-supplied disc is required.

**COPYRIGHT/TRADEMARK LAWS**

When artwork is submitted by or on behalf of a Purchaser for production of an order, Cap America assumes that the artwork submitted is in full compliance with the laws governing copyright, trademark, and other intellectual property rights of any third party. Notwithstanding any provision in any purchase order, including any integration clause or other disclaimer, by submitting artwork in connection with an order, a Purchaser shall be deemed to have agreed to indemnify, defend and hold harmless Cap America from any claim, damages or costs based on any alleged breach of any copyright, trademark or other intellectual property right of a third party arising from or related to Cap America's use of such artwork in connection with such order. When artwork is submitted by or on behalf of a Purchaser, this provision shall be deemed both a separate agreement formed upon the submission of such artwork (and not superseded by any integration clause in a purchase order) and also a provision that is integrated into and made a part of each purchase order submitted by a Purchaser.
