JOIN OUR GAME

JOG is Join Our Game -- an idea built on inclusivity, not exclusivity. We're as much about small town teams with big dreams as we are about big time teams who leave it all on the ice; every time. We believe every player deserves a quality jersey with a custom look that makes them feel like a pro.

JOG is driven to exceed our customers expectations with a better jersey buying experience through personal interaction, complete customization, and professional, sustainable quality at a price all teams can afford. Your look, done right, fairly priced, on time -- Join our Game.

1

We take empty PET bottles and restyle the plastic into thread.

2

Using this thread, we've developed innovative fabrics to provide more sustainable alternatives.

3

JOG Athletic is proud to be one of the first major suppliers of eco-friendly hockey apparel.

REPLAY is JOG's Eco Series that uses newly developed, environmentally friendly fibers made from recycled PET bottles. Specialized polymerization-spinning technologies are employed to produce a high-quality recycled PET fiber. Recycled PET bottles can help slow global warming and save our planet by reducing environmental pollution, cutting back fossil fuel and energy consumption and decreasing CO₂ emissions into the atmosphere.

How to measure :

Lay your jersey flat

1. **Chest Width (A):** measure from one inch under the armpits of the jersey horizontally from seam to seam. (e.g. an adult large jersey will measure 26" across (under the arms) on one side of the jersey, which will be 52" inches all around for an AL-52 size)

2. **Sleeve Length (B):** measure from the edge of the collar all the way to the end of the wrist.

****Please note, JOG's jerseys are authentic game wear sizing. If you're planning to wear a JOG jersey for casual wear, we suggest you order 1-2 sizes down.****

SIZE CHART

HOW TO MEASURE:

1. Best to measure and compare against an actual pair of shell pants and choose a corresponding size from our size chart (or up / down a size as required)

2. If you don't have shell pants, you can measure against your existing hockey pants. Note, the side length is the most important measurement. Measure your hockey pants from the waistline down to the bottom of the pants (not including the lower back / stomach protection area above the waist), then choose a corresponding size.

GRINDE

S E R I E S

**BREW IT. SIP IT.
WEAR IT.**

Coffee is not just for drinking anymore. It's now part of our apparel. We repurpose coffee grounds and layer them into fabrics that wick away moisture and control odor. Grinde brings a whole new meaning to your morning cup of joe.

- DRY TOUCH
- LOW CONDENSATION
- ODOR CONTROL
- ECO FRIENDLY
- UV PROTECTION

Same custom product, now eco-friendly

1

We take empty PET bottles and restyle the plastic into thread.

2

Using this thread, we've developed innovative fabrics to provide more sustainable alternatives.

3

JOG Athletics is proud to be one of the major suppliers of eco-friendly products.

REACT RENEW REPURPOSE

REPLAY is JOG's Eco Series that uses newly developed, environmentally friendly fibers made from recycled PET bottles. Specialized polymerization-spinning technologies are employed to produce a high-quality recycled PET fiber. Recycled PET bottles can help slow global warming and save our planet by reducing environmental pollution, cutting back fossil fuel and energy consumption and decreasing CO₂ emissions into the atmosphere.
