# HALO KITS

## PROTECT THE HIGH TRAFFIC AREAS AROUND HOME PLATE WITH A TURF HALO KIT!

Protect the high-traffic areas around your home plate circle by installing a Turf Halo Kit! Made of high-grade, spike-resistant durable turf, Halo Kits are manufactured to fit 26" diameter home plate areas for easy installation. Kits are available in 5' or 10' widths and come with a unitary (without shock pads) or 5mm foam backing for shock absorption. Extension wings are also available in 5' or 10' lengths. Halos require a concrete slab or asphalt sub-base that should cure for no less than two weeks prior to installation. Turf is available in standard green or a variety of custom colors. All logos are inlaid with colored turf.

# WINTER TURF/GROWTH COVERS

## GROWTH COVERS & WINTER TURF BLANKETS

Maintain thicker, greener and healthier grass all year! Made of 3 oz. 100% woven polypropylene, Growth Covers/Winter Turf Blankets, feature a translucent material that allows 90% light to pass through in order to help with optimal grass growth and protection year-round. The border of the covers has a 6-ply, double stitched hem with brass grommets spaced 5' apart.

**Includes sod staples.**

**9" safety yellow stakes available and sold separately**

### As a winter turf blanket:

Provides turf protection from harsh winter conditions.

Shields your turf from wind, ice, snow, and frost. Also prevents unwanted foot and animal traffic.

### As a growth cover:

Promotes faster growth and green-up in the spring. Retains heat and moisture to naturally warm the soil and air temperature. Allows sun light to pass through the cover.

## PORTABLE FENCING

### SPORTPANEL PORTABLE FENCING

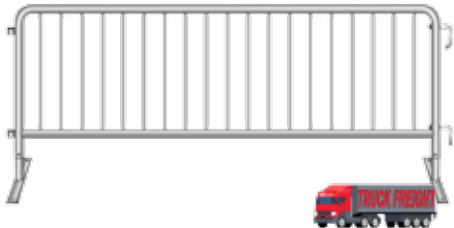

Portable fencing is lightweight, durable, weather resistant, and economical. SportPanel transports easily and installs quickly. Outfield Fencing incorporates TechnoTip™ folding elbow joint system. Each panel withstands the impact of players, allowing fence panels to tip over and fall flat, without breaking, reducing the likelihood of injury to athletes. Its unique On/Off feature prevents premature panel tip over and interruption of play on windy days. Simply insert a peg into the On/Off switch and panels are locked in an upright position. Each fence panel is 44"H x 10'6" W and features lightweight, durable PVC with UV inhibitors. Panels come with crowd control or techno tip hinges. Panels are available in White or Black with White or Yellow tops.
